Columbia University in the City of New York

GENERAL STATEMENT

HISTORICAL

On October 31, 1754, Letters Patent were issued incorporating The Governors of the College of the Province of New York in the City of New York in America and providing for the establishment of a college to be known as King's College "for the Instruction and Education of Youth in the Learned Languages and in the Liberal Arts and Sciences." The conclusion of the Announcement earlier that year reads:

> A serious, virtuous, and industrious Course of Life being first provided for, it is further the Design of this College, to instruct and perfect the Youth in the learned Languages, and in the Arts of Reasoning exactly, of Writing correctly, and Speaking eloquently; and in the Arts of Numbering and Measuring, of Surveying and Navigation, of Geography and History, of Husbandry, Commerce, and Government; and in the Knowledge of all Nature in the Heavens above us, and in the Air, Water, and Earth around us, and the various Kinds of Meteors, Stones, Mines and Minerals, Plants and Animals, and of every Thing useful for the Comfort, the Convenience, and Elegance of Life, in the chief Manufactures relating to any of these Things: And finally, to lead them from the Study of Nature, to the Knowledge of themselves, and of the God of Nature, and their Duty to him, themselves, and one another; and every Thing that can contribute to their true Happiness, both here and hereafter.

The educational work of the College was begun under the presidency of Dr. Samuel Johnson with a class of eight students, and the first Commencement was held on June 21, 1758. The first college building, erected on a portion of the "King's Farm," at what is now the corner of Park Place and Church Street, was completed in 1760. The Revolutionary War, during which this building was taken for a military hospital, compelled a suspension of activities. King's College numbers among its students and graduates Alexander Hamilton, John Jay, Robert R. Livingston, Gouverneur Morris, and John Stevens.

In 1784, the Legislature of the State of New York passed an act incorporating the "Regents of the University of the State of New York," vesting the property of King's College in the Regents, and changing the name of the College to Columbia College. In 1787, this act was repealed, and an act was passed confirming the Royal Charter of 1754 and vesting the property and franchises of King's College in "The Trustees of Columbia College in the City of New York."

In 1810, the charter was again amended in certain particulars at the request of the Trustees, and re-enacted, but the corporate title remained the same until 1912 when by order of the Supreme Court of the State of New York, it was changed to "The Trustees of Columbia University in the City of New York." In 1897, the University removed from 49th Street and Madison Avenue, where it had been situated since 1857, to its present location on Morningside Heights.

The schools and colleges composing the University are Columbia College, the Schools of Law, Medicine, and Engineering, the Graduate Faculties of Political Science, Philosophy, and Pure Science, Barnard College, Teachers College, the Graduate School of Journalism, the College of Pharmacy, the Schools of Architecture, Business, Dental and Oral Surgery, and Library Service, Bard College,[1] the Institute of International Affairs, New York Post-Graduate Medical School, New York School of Social Work, University Extension, and Summer Session. The organization is set forth in the University Statutes, Chapters X–XXVII and XXX–XXXII. The faculties are listed in the school statements (see Index) with general summaries of the curricula. For details consult the Announcements of the separate schools.

DEPARTMENTS AND DIVISIONS

The several departments of study maintained by the University are grouped for administrative purposes in divisions. See Chapter IV of the University Statutes.

GENERAL REGULATIONS

STUDENTS

After having received an admission permit the student may proceed to register, in the stated registration period (see Academic Calendar), for such prescribed or elective courses of instruction as are appropriate for his purposes. Acceptance of a student for admission is based on grounds of character and health, as well as on the fulfillment of academic requirements.

Each person whose registration has been completed will be considered a student of the University during the session for which he is registered unless his connection with the University is officially severed by withdrawal or otherwise. No student registered in any school or college of the University shall at the same time be registered in any other school or college, either of Columbia University or of any other institution, without the consent of the appropriate Dean or Director.

Students prevented by conscientious scruples from complying with academic requirements which may be fulfilled only upon days set apart by their church for religious observance should make application to the appropriate authority for equitable relief.

ACADEMIC DISCIPLINE

The continuance of each student upon the rolls of the University, the receipt by him of academic credits, his graduation, and the conferring of any degree or the granting of any certificate are strictly subject to the disciplinary powers of the University, which is free to cancel his registration at any time on any grounds which it deems advisable. The disciplinary authority of the University is vested in the President in such cases as he deems proper, and, subject to the reserved powers of the President, in the Dean of each Faculty and the Director of the work of each Administrative Board.

[1] Until May 3, 1944.

REGISTRATION OF STUDENT ORGANIZATIONS

Blanks for the registration of student organizations, not under the jurisdiction of the Director of Athletics or of King's Crown Activities or those for which the responsibility is assumed by a faculty or department of instruction, may be obtained at the room assignment desk in the office of the Registrar.

Such student organizations come under the jurisdiction of the Committee of Student Organizations of the University Council and may be granted the privileges of (1) the use of names in which the name of the University is embodied or suggested, and (2) the use of University rooms or grounds for meetings and bulletin boards for announcements, only if they have filed their registration blanks, furnishing the committee with lists of officers and other executive members, statements of purposes, copies of constitutions and by-laws, and the nature of any affiliation or connection with non-University organizations.

REGISTRATION

Before attending University courses each student must present himself at the office of the Registrar and file a registration blank giving such information as may be required for the University records together with a statement of the courses he is authorized to pursue. The central office of the Registrar, 315 University Hall, and the offices at Barnard College, at Teachers College, at the College of Physicians and Surgeons, at the College of Pharmacy, at the School of Dental and Oral Surgery, and at the New York School of Social Work are open for registration on the dates for registration given in the Academic Calendar (in this Catalogue or in the respective Announcements). Registration at a later date is permitted only with the written consent of the Dean or Director, satisfactory cause for the delay having been shown. Students registering late are held accountable for absences thus incurred.

Students holding fellowships or scholarships are required to register not later than the date specified in the Academic Calendar; failure to do so may be considered as vacating the fellowship or scholarship.

GRADUATION

Commencement occurs in June at which time all recipients of degrees awarded during the academic year are expected to attend the exercises unless excused. Diplomas are issued in June or at various times during the year.

No degree will be granted to a student who has not registered for and attended at the University courses of instruction equivalent to at least one academic year of full-time work.

An application for a degree or certificate, other than the several doctoral degrees, terminates at the next regular time for the issuance of diplomas subsequent to the date of filing; but under conditions prescribed by the respective faculties it may be subject to renewal for a fee of $1.00 each time that a candidate chooses to come up for consideration, within a period not to exceed three years. Thereafter with the filing of a second application the regular fee is again payable—$20 in the case of a degree and $10 in the case of a certificate. Dates for the filing of applications are given in the Academic Calendar.

WITHDRAWAL

An honorable discharge will always be granted to any student in good academic standing, not subject to discipline, who may desire to withdraw from the University; but no student under the age of twenty-one years shall be entitled to a discharge without the assent of his parent or guardian furnished in writing to the proper Dean or Director. Students withdrawing are required to notify the Registrar immediately.

The Dean of the school or faculty concerned may, for reasons of weight, grant a leave of absence to a student in good standing.

FEES

The University Statutes provide that the tuition fees, the University fee, and laboratory deposits are payable semiannually in advance. No reduction is made for late registration. Registration will not be completed until such fees are paid. Checks should be drawn to the order of Columbia University and presented in person or mailed to the office of the Bursar. Payment of fees after the last day of registration (see Academic Calendar) imposes automatically the statutory charge of $3.00 for this privilege. ADMINISTRATIVE PROCEDURE

Late Registration. For the ultimate date for completion of registration without payment of the additional fee, see the Academic Calendar.

Late Application. For the ultimate date for filing application for admission, for a deficiency or a special examination, or for a degree without the payment of the additional fee, see the Academic Calendar.

Deficiency and Special Examination. An examination to remove a deficiency in course or in entrance requirements, or an examination at an unusual time, involves payment of the fee.

Rebate. When a rebate is allowed for the discontinuance of courses or withdrawal from the University, such rebate will be reckoned from the day upon which the Registrar receives notice from the student.

Summer Courses in Surveying, Mining, and Geology. The tuition fee for required summer work in surveying at Camp Columbia is included in the yearly tuition fee for the following year for all regular students in the School of Engineering. Before reporting to the Camp, however, such students make an advance payment of $50 for tuition to the Bursar and must present the receipt for same to the Director at the Camp. This payment is credited to the tuition payment for the following year but, should a student fail to return to the University, remains as a payment for camp tuition. The fees for special students are estimated on the basis of $12.50 per point.

DEPOSITS

Apparatus, Supplies, and Keys to Desks and Lockers. A deposit for the use of lockers, keys, apparatus, material, and the like is required of students in certain schools and courses. Personal checks will not be cashed by the University or credit allowed until the money has actually been received from the bank on which the check is drawn. However, checks, drafts, and money orders may be deposited for collection. Students should provide themselves with travelers' checks to cover their immediate expenses.

GENERAL INFORMATION

EMPLOYMENT FOR STUDENTS AND GRADUATE PLACEMENT

The Appointments Office, located in Alumni House, is the central placement department of the University through which men and women students and graduates are referred to suitable positions during their attendance at the University and after graduation. A booklet describing the facilities of the Appointments Office and the more general types of employment opportunities available will be mailed upon request. Communications should be addressed to the Secretary of Appointments, Alumni House.

In the field of part-time work, the Appointments Office endeavors to secure for competent students who need employment to help finance their courses, the opportunity to earn part of their expenses. Students with qualifications to meet various requirements of employers are placed, during the academic year and also in the summer, as tutors, clerks, translators, athletic instructors, technical workers, salesmen, waiters, stenographers, secretaries, typists, et cetera.

In the field of permanent employment, placement activities are divided between the

Appointments Office and the Office of Field Relations and Placement at Teachers College. Graduates of the University are eligible to file their credentials in either office according to the type of position desired. No fee is charged for any services rendered.

The Appointments Office recommends graduates for positions in business, industrial, and professional work, including teaching and administrative positions in preparatory schools, colleges, and universities, exclusive of the departments of education. The office functions in coöperation with the various departments of the University, recommendations of individual candidates being based on information obtained through consultation and from records of the appropriate departments.

The Office of Field Relations and Placement at Teachers College recommends qualified candidates for teaching and administrative positions in primary and secondary school systems, in normal schools, and in the various fields of education in colleges and universities. The Office of Field Relations and Placement also maintains a part-time employment service for students in Teachers College. Booklets descriptive of the work will be sent on request.

MILITARY AND WAR WORK INFORMATION CENTER AND OCCUPATIONAL GUIDANCE AND PLACEMENT FOR VETERANS

The Appointments Office is the University center for information on military matters and war needs as they affect students and graduates. It provides also occupational counseling and assistance to former students and graduates returning from service in the armed forces and civilian war jobs. Students and graduates are cordially invited to call at the office for information or other help they may desire.

RELATIONS BETWEEN THE UNIVERSITY AND OTHER INSTITUTIONS

The educational opportunities of students in Columbia University (including Barnard College, Teachers College, and the College of Pharmacy) are increased by the close relations of the University with other institutions of instruction and research.

American Museum of Natural History. The American Museum of Natural History places its collections at the service of advanced students of Columbia University for the purpose of study and research, and provides them with the necessary facilities for work.

Metropolitan Museum of Art. The Metropolitan Museum of Art gives students of Columbia University special facilities for the study of the objects in the Museum, on presentation of cards of introduction obtained from the Secretary of the University.

New York Botanical Garden. Columbia University has the privilege of conducting University courses in botany at the New York Botanical Garden and of using its laboratories and floral material. All courses of instruction given there are open to officers and students of the University without charge. The Director of the Botanical Garden is a member of the Faculty of Pure Science.

Union Theological Seminary. See page 247.

University of Puerto Rico. Columbia University is associated with the University of Puerto Rico through the School of Tropical Medicine of the University of Puerto Rico, which is conducted under the auspices of Columbia University. In this school courses are offered and research is conducted in subjects relating to tropical medicine. Under certain circumstances these courses will be accepted for credit toward graduate degrees in Columbia University.

Other Institutions. The University contributes to the support of the schools in Athens, Rome, and Palestine which are associated with the Archaeological Institute of America, and the advantages of these schools are freely open to graduates.

There are close informal relations between the University and the Hispanic Society of America, the Rockefeller Institute for Medical Research, the Greenwich House Settlement, the New York Zoölogical Garden, the various museums and libraries of New York City, and the laboratories at Woods Hole and Cold Spring Harbor.

THE LIBRARIES

The University Libraries consist of a general library in South Hall and over thirty departmental libraries and reading rooms, containing in all more than two million volumes. About 15,000 carefully selected reference books, among them an extensive collection of national and subject bibliographies, are placed in the general reference room where they are directly accessible to all readers.

For the convenience of the undergraduates of Columbia College a separate library of more than 35,000 volumes, with reading rooms and a reference room, is maintained in South Hall.

The loan desk on the third floor in South Hall is the central point where readers should apply for information about the location of special rooms and departments in South Hall. In the periodical room are the most recent numbers, on open shelves, of about 1,000 of the periodicals which the Libraries receive.

Among the notable special collections may be mentioned the Avery architectural library; the Plimpton library on the development of education; the David Eugene Smith collection on the history of mathematics; the Temple Emanuel library of Biblical and rabbinical literature; the Epstean collection on photography; the Montgomery library of accountancy; the Marvyn Scudder financial library; the Stephen Whitney Phoenix collection; the Seligman library of economics; the Mary Queen of Scots collection and the Joan of Arc collection; Goethe collection; Kant collection; the Dale library of weights and measures; the Jerome P. Webster library of plastic surgery; the Coykendall collections of first editions of modern poetry and the classics of English literature; the Park Benjamin collection of New York literature of the late Knickerbocker period; the Kilroe collection of Tammaniana; the Gonzalez Lodge collection of early editions of the classics; special collections on anarchism, the drama, and the graphic arts. The Low Memorial Library, erected in 1897 and used as the main library until 1934, is now devoted essentially to housing early printed books, manuscripts, and certain special collections.

Catalogues. The general catalogue of the Libraries is a record of the books in the possession of the University except for some of the special collections, for which checklists and classified catalogues are maintained in Low Library. In addition to this there are catalogues of department libraries, located in department reading rooms, and a file of the printed cards of the Library of Congress and of certain other libraries.

Privileges. All students registered in the University are entitled to the full reference use of the various libraries. Subject to certain regulations, registered students may also withdraw books for home use. The Bursar's receipt, bearing the usual signature of the student, must be presented as identification whenever requested.

Hours. During the Winter, Spring, and Summer Session of the University the main library in South Hall is open weekdays and every evening except Friday and Saturday. The main library is closed on Sunday. On certain holidays, vacations, and during the intersession periods, South Hall is open on special schedule. For the hours when departmental libraries are open, inquiry is to be made at South Hall or in the library departments.

PUBLIC LIBRARIES

Under specified conditions students may use any of the public libraries of Greater New York. The central library building of the New York Public Library, at Fifth Avenue and 42d Street, houses one of the great reference libraries of the country, containing over 3,000,000 volumes and including much material not found in the University Libraries. Books in the reference department of that library may be consulted only within the building. Because of crowded conditions, restrictions upon their use are necessary; but if material needed by a graduate student is not in the University Libraries, he should take a card from the Reference Librarian of the University to the Public Library. Books in the central circulation branch (42d Street entrance) and in other branches may be borrowed for home use

by students who obtain a Public Library card. A sub-branch of the Public Library is maintained in 101 South Hall. Other branches in the vicinity of the University are: West 115th Street, near Seventh Avenue; West 100th Street, near Amsterdam Avenue; and George Bruce Branch, 518 West 125th Street.

UNIVERSITY BOOKSTORE

The official University Bookstore is situated in the Journalism building, with entrances at the southeast corner of West 116th Street and Broadway and from South Quadrangle between Furnald Hall and Journalism. Books and other supplies are sold at discounts from the usual price. The store is open on weekdays from 8:30 a.m. to 8 p.m.; Saturdays, 8:30 a.m. to 5 p.m.; during the first days of each session, until 10 p.m. The store maintains a travel bureau and other services, with substantial savings to Columbia students. Students having deposit accounts with the University may also make withdrawals at the Bookstore.

Branches of the University Bookstore are maintained in Avery Hall, the McMillin Academic Theater lobby, the Engineering School, and at the College of Physicians and Surgeons.

THE GYMNASIUM

In the Gymnasium of Columbia College the main exercising room is semicircular in shape and has a floor area of 16,000 square feet. The ceiling is 35 feet high, and the room is well lighted and well ventilated. The running track is 11 feet wide, with ends banked, and it measures ten laps to the mile. On the same floor as the running track are the Gymnasium and Director's offices; rooms for fencing, boxing, and handball; two large dressing rooms with 3,000 steel lockers and thirty-two shower baths. On the floor above is an auxiliary gymnasium, 80 x 100 feet, and below the exercising room is the swimming pool, semicircular in shape, measuring 100 x 50 feet on its axis and containing 260,000 gallons of water which is filtered and sterilized daily. The depth is from 4 to 10 feet. Around the pool are shower baths and lavatories, and on this floor are also two dressing rooms, equipped with shower baths and lavatories, for the use of the various athletic teams.

The athletic field is equipped with a 1/5-mile running track, and within the oval is space for basketball, volleyball, modified football, baseball, and soccer, as well as for a variety of track and field activities; while in the area outside the track is space for tennis courts and other recreative activities. Adjoining the field is a dressing room with 1,000 lockers and shower baths.

The University Gymnasium is open daily during the academic year, except on Sundays and legal holidays, from 9 a.m. to 7 p.m. Also, from the beginning of the Winter Session to December 1 and from March 15 to the close of the Spring Session, it is open on Wednesdays and Thursdays, from 7 p.m. to 10 p.m. Between December 1 and March 15 it is open on Mondays, Tuesdays, Wednesdays, and Thursdays, from 7 p.m. to 10 p.m. During recesses within the academic year it is open from 3 to 6 p.m. One or more of the instructors are on duty at all times when the Gymnasium is open.

A course in physical education is required of all freshmen and sophomores in Columbia College. A physical and medical examination by the University Medical Officer is required of each student before admission to these classes and is required of all other students taking part in athletics. On the basis of this examination, entering students are classified as to physical fitness, and reports on their condition are sent to the Executive Officer of Physical Education, who assigns them to activities adapted to their needs. Students suffering from disabilities sufficient to render participation in the regular physical education program hazardous or unprofitable are assigned to an adapted physical education group in which individual prescriptions of exercise and closer supervision are possible.

In addition to the required program of instruction, the intramural division of the Depart-

ment of Physical Education provides an organized program of voluntary participation in about fifteen different sports.

The intercollegiate division of the Department affords an opportunity for participation in the more intensive and highly organized program of intercollegiate athletics.

Barnard Hall, the gift of Jacob H. Schiff to Barnard College, was opened in 1917. This building provides three gymnasium floors (one room 102 feet x 85 feet and two smaller rooms), a swimming pool (60 feet x 30 feet with a depth of 4 to 8 feet), lockers and dressing rooms, rest rooms, and departmental offices.

Frederick Ferris Thompson Memorial Hall, which houses the Department of Physical Education of Teachers College, was given by Mrs. F. F. Thompson. It is a building of four stories, containing offices, examination rooms, lecture and classrooms, laboratories, handball courts, a swimming pool, four gymnasiums, rooms for corrective exercises, dressing rooms, shower baths, and a suite of rooms for photographic purposes. The building provides facilities for men and women students of Teachers College and the pupils of Horace Mann School and contains the varied equipment for the theoretical and practical instruction of professional students in physical education.

RESIDENCE HALLS

Each Hall or group of Halls is presided over by a resident Head of Halls who assists the residents in the organization of the life of the Hall. The business management of all of the Halls is in the hands of the Director of University Residence Halls.

The four University Residence Halls on South Quadrangle have accommodations for approximately 1,325 men: Hartley Hall, the gift of Mrs. Helen Hartley Jenkins and Marcellus Hartley Dodge, of the Class of 1903, in memory of Marcellus Hartley; Livingston Hall, named in memory of Robert R. Livingston, of the Class of 1765; and Furnald Hall, provided for in the will of Francis P. Furnald in memory of his son, Royal Blackler Furnald, of the Class of 1901. John Jay Hall, completed in 1926, named in memory of Chief Justice John Jay, a member of the Class of 1764, has three very important facilities: restaurants adequate for all men students and their guests, large and comfortable quarters for all student activities, and needed developments for the residence accommodations of the College. All four buildings have twenty-four-hour telephone and elevator service and are built of stone and overburned bricks. The floors and partitions are of the reinforced concrete type, and the construction is considered thoroughly fire-resistant throughout.

While the great majority of rooms are single, there is flexibility in renting rooms in suites, and there are also some double rooms. All rooms have outside light and exposure. Each bedroom has hot and cold running water and a clothes closet and is completely furnished (see the Announcement of Men's Residence Halls). There are shower baths on each floor. The entrance to each Hall is from the Campus and leads directly into a large foyer with an open fireplace opposite the entrance. A well-equipped infirmary is in John Jay Hall. Room fees range from $130 (scholarship rooms) to $275 for the period between the Monday preceding the opening of the Winter Session and the Friday after Commencement. Livingston Hall, Hartley Hall, and the lower floors of John Jay Hall are reserved primarily for undergraduates in Columbia College. Furnald Hall is reserved primarily for law and graduate students, while the upper floors of John Jay Hall are for graduate and professional school students.

Johnson Hall, on East Quadrangle at 411 West 116th Street, overlooking the Campus and within four minutes' walk of the Columbia University subway station (Broadway and 116th Street) has accommodations for about 320 women students. It is named in memory of Samuel Johnson, first President of King's College, and of his son, William Samuel Johnson, first President of Columbia College after the Revolution. The building is of stone, brick, and steel construction. It has twenty-four-hour telephone and elevator service. The rooms are completely furnished (see the Announcement of Johnson Hall). There are five showers on each floor, and all the bedrooms have hot and cold running water. There are a number of

two-room suites which may be occupied by one or two persons. The Hall is provided with social rooms, a well-equipped infirmary, and a dining room in which all residents are required to take breakfast and dinner. Luncheon is optional. Room rates range from $168 to $289.

Bard Hall, the gift of Edward S. Harkness, is part of the Columbia-Presbyterian Medical Center and is located at 50 Haven Avenue. It accommodates approximately 300 medical students and members of the staff. The facilities of the Hall include lounges, a dining room and a grillroom, gymnasium, squash courts, and a swimming pool.

Copies of Residence Halls Announcements, giving floor plans and rates together with application blanks, will be furnished on request by the Secretary of the University, 213 Low Memorial Library.

War Use of Residence Halls

Since the summer of 1942, the United States Naval Reserve Midshipmen's School has occupied John Jay, Furnald, and Johnson Halls. Beginning in July, 1943, Hartley and Livingston Halls accommodated 573 students under the United States Navy V–12 program. As of November 1, 1944, Livingston Hall again became a residence for civilian students, while Hartley continued as a Navy V–12 Residence Hall. Bard Hall continued throughout the war period to accommodate medical students.

The infirmary, for residents only, is in the Casa Italiana, located at West 117th Street and Amsterdam Avenue.

BARNARD COLLEGE RESIDENCE HALLS

Brooks and Hewitt Halls at 3001 and 3005 Broadway, the Residence Halls for Barnard College, accommodate about 350 students. These Halls contain dining and social rooms, and there is a well-equipped infirmary in connection with the Halls. Full information in regard to location and costs of rooms, deposits required, etc., is published in a separate Announcement to be had on application to the Assistant to the Dean in charge of Residence Halls of Barnard College.

TEACHERS COLLEGE RESIDENCE HALLS

Bancroft Hall, 509 West 121st Street, is divided into two- and three-room kitchenette apartments. Preference is given to married men students with their families.

Grant Hall and Sarasota Hall, 514 and 512 West 122d Street, are divided into apartments, each having two rooms, bath, and full-sized kitchen. Preference is given to married men students with their families.

Seth Low Hall is a nine-story, fire-resistant, elevator apartment building, located at 106 Morningside Drive, about one and a half blocks from the College buildings. Preference is given to faculty families.

Whittier Hall, for women, adjoins Teachers College on the east. It is a ten-story, fire-resistant building with elevator service.

Information concerning rooms or apartments in these Halls will be furnished on application to the Residence Halls Office, Teachers College.

KING'S CROWN HOTEL

King's Crown Hotel, 420 West 116th Street, in close proximity to the University, is owned by the University. It provides accommodations at reasonable rates, available for relatives and guests of members of the University.

INTERNATIONAL HOUSE

International House, 500 Riverside Drive, is a privately endowed residence for students from foreign lands and a limited number of American students. It accommodates 175

women and 325 men and contains a restaurant and social rooms. Inquiries should be addressed to the Committee on Admissions, International House, 500 Riverside Drive, New York 27, N. Y.

DINING FACILITIES

The University dining rooms in John Jay and Johnson Halls are used to feed the United States Naval Reserve Midshipmen and the Navy V–12 students in training at Columbia. For civilians, the University maintains the following dining rooms with cafeteria service: Barnard Hall Lunch Room, and Teachers College Cafeteria in Grace Dodge Hall, 121st Street, for men and women.

The University Bookstore, located in the basement of Journalism, conducts a soda fountain where light luncheons are served.

OFF-CAMPUS ACCOMMODATIONS

Columbia University maintains a Registry of Off-Campus Accommodations to protect the students' interests and to assist students in finding the best accommodations obtainable in the University neighborhood. There is no charge for this service. The Registry will furnish upon request addresses of rooms which have been inspected. The University is in no way responsible for any private lodging house. Students desiring information regarding rooms outside University Halls should address the Registry of Off-Campus Accommodations, 125 Livingston Hall.

EARL HALL

Earl Hall was given to Columbia University by the late William Earl Dodge for the religious and social activities of the students. It contains the offices of the Chaplain of the University and the Religious Counselors. On the main and upper floors, reached by the Campus entrance, are the offices of the Chaplain and his staff and the offices of the three Religious Counselors. These floors also contain an auditorium and other facilities for religious and social activities. The lower floor, entered from Broadway, is occupied by the offices of the University Medical Officer.

RELIGIOUS LIFE AND WORK

The life of the University is given its religious expression and practice through St. Paul's Chapel, and the ministry of the Chaplain and those associated with him in his work. The Chaplain of the University, the Rev. Stephen F. Bayne, Jr., is serving as a Chaplain in the United States Navy. The Rev. Otis R. Rice takes his place as Acting Chaplain. Assisting him are three Religious Counselors, the Rev. E. Mowbray Tate, Counselor to Protestant Students (for the duration, Dr. Tate replaces the Rev. Robert G. Andrus, who is on leave for service as a chaplain in the United States Navy); the Rev. George B. Ford, Counselor to Roman Catholic Students; and Rabbi Isidor B. Hoffman, Counselor to Jewish Students. The Chaplain and the staff of Counselors have their offices in Earl Hall, and are available every day for interviews with students.

A number of student religious organizations are established, to which members of the religious staff serve as advisers, and with which students are cordially urged to affiliate themselves. Through the Counselors, and through interfaith activities, the unity of the religious life of the University is maintained while at the same time the major religious traditions are represented and carry on their distinctive activities.

The University Chapel is the center of the religious life of the University community. A full schedule of services on Sundays and weekdays (except Saturday) is maintained, as well as certain special University services, notably on the Tuesday before Thanksgiving, and the annual Commemoration Service on the second Sunday after the Christmas recess. Attendance at the Chapel services, while entirely voluntary, provides members of the Uni-

versity with an opportunity for study and mature worship as a fundamental and continuing part of their life. A plan of Chapel membership is available for those who wish to identify themselves more closely with the life and work of the Chapel.

Chapel services are of many different types, and students are urged to familiarize themselves with the schedules which are conveniently posted. Frequent addresses are given, by the Chaplain and by other speakers, and other services are devoted entirely to prayer, and to the ministry of music. Dr. LOWELL P. BEVERIDGE is the Director of Chapel Music; a limited number of positions in the Chapel Choir are open to students upon application to him.

The Chaplain and Counselors are eager to establish warm personal acquaintance with students and to meet them in personal and religious consultation at any time. The Chaplain will be glad to make appointments with students after services in the Chapel, and, with the Counselors, is usually available in Earl Hall at other times.

St. Paul's Chapel was given by Olivia Egleston Phelps Stokes and Caroline Phelps Stokes, as a memorial to their parents. The apse windows were designed by John La Farge; transept windows, by Henry Wynd Young and J. Gordon Guthrie; and the dome windows, by Maitland Armstrong. The wood carving was done by Coppede, of Florence, Italy.

MEDICAL ATTENDANCE

The University Medical Officer, Dr. WILLIAM H. MCCASTLINE, has direct supervision of all matters affecting the health of the student body. All cases of illness, especially communicable diseases, should be promptly reported to him. Absence from classes due to illness should also be reported to his office. The Medical Officer and the members of his staff hold office hours daily in Earl Hall for the medical care of the students and members of the staff.

Members of the University who need medical attention at home and who desire to be advised concerning private physicians, specialists, nursing care, clinics, or hospitals will receive such information upon applying at the office of the University Medical Officer.

STUDENT ORGANIZATIONS

The various student organizations, while self-governing, are subject to certain University regulations, unless responsibility has been assumed by a faculty or a department of instruction. These regulations are administered for the athletic activities by the Director of Athletics, and for the literary, musical, dramatic, and similar activities, by the Director of King's Crown Activities. Both these officers are directly responsible to the President. The University's regulations have to do with both schedules and budgets. In the case of athletics, each sport has an advisory committee functioning as an auxiliary to the University Committee on Athletics, which in turn bears an advisory relationship to the Director of Athletics. The control of athletics is vested in the Department of Physical Education. Similarly, the Advisory Committee on King's Crown Activities bears an advisory relationship to the Director of King's Crown Activities. All other student organizations are under the jurisdiction of, and responsible to, the Committee on Student Organizations of the University Council.

Provision is made for the election each year, by the student body at large, of the Board of Student Representatives.

Admission to all home athletic contests, concerts, debates, and theatrical performances is open to male students of the University enrolled in the following schools for courses leading to a first degree normally granted four years after admission to college: Columbia College, School of Engineering, School of Business, and Courses in Optometry. This privilege is granted also to University Undergraduates.

FRATERNITIES

The following fraternities, given in the order of their establishment, maintain chapters at Columbia University and are members of Pamphratria, the interfraternity association: Alpha

Delta Phi; Psi Upsilon; Delta Phi; Delta Psi; Delta Upsilon; Phi Gamma Delta; Phi Kappa Psi; Beta Theta Pi; Sigma Chi; Sigma Alpha Epsilon; Zeta Beta Tau; Alpha Chi Rho; Sigma Nu; Alpha Sigma Phi; Tau Epsilon Phi; Alpha Phi Delta; Beta Sigma Rho; and Delta Chi. Certain of these chapters have suspended active operations during the war period.

The constitution of Pamphratria restricts the issuing of fraternity pledges to actual matriculants in the University and places an educational requirement upon initiation. The constitution further provides for a deferred rushing period. No fraternity may issue invitations to freshmen for the rushing period until the opening of the rushing season. The academic requirement for the initiating of men in Columbia College to fraternities is the passing at midterms, midyears, or finals of twelve points of college work.

UNDERGRADUATE ENTRANCE REQUIREMENTS

GENERAL STATEMENT

The Director of University Admissions administers the entrance requirements for all schools and colleges of the University. Certain formal tests are required for admission to the Schools of Dental and Oral Surgery, Law, Medicine, and Journalism. Each of these professional schools as well as the Schools of Architecture, Business, and Engineering, and the courses in optometry, demands previous college residence as a basis of admission. Candidates for admission to these schools should present their credentials from the college of previous residence. Admission to the first year course in Columbia College, Barnard College, and the College of Pharmacy presupposes adequate secondary school training guaranteed by satisfactory records or entrance examinations, or both, but a satisfactory showing in examination and in school preparation is not in itself sufficient to guarantee admission, which depends also upon the candidate's character, personality, health, and promise of future usefulness.

Information regarding admission by transfer to the undergraduate schools will be found in the sections of the Catalogue describing those schools.

Applications for Admission. In general, applications for admission should be filed about four months before the date on which the candidate wishes to begin his work, but Announcements of the various schools and colleges should be consulted for more specific information about this matter.

Admission to Columbia College

Consideration for admission to Columbia College is based upon the combined evidence of the following factors, no one of which is in itself the deciding factor: the candidate's school record, his health record, a report from his headmaster or teachers concerning his personal qualities, a personal interview (whenever possible), and the test or tests described below. Candidates for admission by transfer must present records covering the work completed in other colleges and certificates of honorable dismissal.

Formal Application. Forms to be used in making application for admission to the freshman class may be secured directly from the Director of University Admissions, or through headmasters or principals. They should be submitted between February 10 and April 1 for September candidates and between October 1 and December 1 for February candidates.

Entrance Examinations. Candidates with excellent school records are not ordinarily required to take college entrance examinations other than the Scholastic Aptitude Test and, in some cases, the Scholastic Achievement Test, of the College Entrance Examination Board or the Columbia University Entrance Test.

Applicants living in or near New York City will take the Columbia University Entrance Test which will be given on the Campus in June or January. This is a three-hour examination. The nature of the test is such that no special preparation is possible.

Applicants living at a distance from the University will be asked to take the Scholastic Aptitude Test and the Scholastic Achievement Test given in the April, June, or September series of examinations of the College Entrance Examination Board. Applicants using the June and September series may be asked to take subject matter examinations if there is any doubt as to the quality of the candidate's preparation. When necessary, a candidate may arrange to take the Columbia University Entrance Test off the Campus. The Director of University Admissions will make such arrangements after the admissions application has been filed.

ENTRANCE REQUIREMENTS OF THE SEVERAL UNDERGRADUATE SCHOOLS

Columbia College. Bachelor of Arts. Recommended preparation: English, four years; mathematics, three years; foreign language, three years of one; history and social studies, three years; laboratory science, two years; electives, preferably in fields already mentioned, sufficient to make up at least 15 units. A single elementary year of any language will not be accepted as any part of these 15 units.

Candidates looking forward to the study of engineering, medicine, dentistry, and optometry should include solid geometry, plane trigonometry, and at least two years of French or German.

Barnard College. Bachelor of Arts, graduation from an approved secondary school. Course should include four years of English, three years in one foreign language and two in another, algebra, plane geometry, and electives in history, science, additional language, mathematics, music, and art.

College of Pharmacy. Bachelor of Science in pharmacy, 15 units. *Prescribed:* 6 units—English (3), elementary mathematics (3). *Elective:* to make up a total of 15 units—elementary French (2, 3, or 4), elementary German (2, 3, or 4), history (2 or 1), Latin (2, 3, or 4), physics (1), advanced mathematics (1), botany (1), chemistry (1), drawing (1), physiography (1), shopwork (1), Spanish (2), zoölogy (1).

Columbia College, the oldest part of the University and in a sense the mother of the rest, offers a program of studies leading to the degree of Bachelor of Arts.

Entrance. For the details of admission to the freshman class, see pages 200, *et seq.*

Advanced Standing. A candidate for admission to advanced standing upon basis of work done at another college should obtain and file not later than July 1 or December 1, preceding the session in which he desires to enter, the appropriate application blank, with a transcript of his academic record and a marked catalogue of the institution that he leaves.

Appropriate credits up to a maximum of eighteen points of the 124 required may, under certain circumstances, be made by students who have passed entrance examinations over and above the minimum entrance requirement of fifteen units.

Special Courses. In exceptional circumstances a student not enrolled as a matriculated student may be admitted to the University as a nonmatriculated student with permission to attend such courses of instruction as he is qualified to take but not as a candidate for a degree, certificate, or diploma in regular course.

Registration and Fees. For information with regard to registration and fees, see Index.

Program of Studies. In the pre-war period four years were ordinarily spent in completing the requirements for the degree of Bachelor of Arts. The period within which the required number of points could be secured varied, however, with the capability and industry of the individual student so as to make it entirely possible to complete the course in three years by making use of the two intervening Summer Sessions of the University. Starting in

[1] To June 30, 1944.
[2] From July 1, 1944.

July, 1943, Columbia College adopted for the duration an academic calendar consisting of three sixteen-week terms in each year, thereby reducing the normal time for graduation to two years and eight months.

General Regulations. Admission to courses depends strictly upon completion with the grade of C or better of the stated prerequisites. A student in good standing is permitted upon joint approval of the Dean and of the department concerned to elect approved graduate courses which his previous training will enable him to pursue with profit.

To be recommended for a degree, a student must have made at least ninety-four points in actual college residence, and of these at least thirty in Columbia College. Supplementary details are given in the Announcement of Columbia College.

In the administration of the College regulations it is the policy of the Committee on Instruction and of the Dean to be guided in the treatment of individual cases largely by the recommendation of the adviser, and by the general attitude of the student in question toward the College, i.e., whether or not he has proved himself a creditable member of the College community, as shown by regularity in attendance, promptness in the fulfillment of his obligations, earnestness in his endeavor to profit by his College opportunities, both direct and indirect, and by consideration of others. Before a student will be recommended for graduation he must have satisfied the Faculty as to his upright character, his intellectual progress while in college, and his accomplishment in scholarship.

REQUIREMENTS FOR THE DEGREE

To satisfy the requirements for the degree of Bachelor of Arts each candidate must pass 124 points of work and obtain sixty maturity credits. The term "point" signifies the satisfactory completion of work requiring attendance for one Winter or Spring Session of one hour weekly in lectures or recitations, or a correspondingly longer period in laboratory, lecture course, or drafting room. The term "maturity credit" signifies the credit allotted to certain advanced courses, and the purpose of the requirement is to encourage sequential work in the course of study.

Unless the equivalent of the requirement has been satisfied by passing an achievement test, the following courses are prescribed for candidates for the degree:

1. *Contemporary Civilization A* and *B; Humanities A* and *B*,[1] *English C1–C2, C3–C4; Physical Education A* and *B; Hygiene A.*
2. *Science A1–A2* and *B1–B2*[2] or one full year from each of any two of the following groups:
   - I. Mathematics
   - II. Chemistry; physics
   - III. Astronomy; botany; geology; zoölogy
3. Proficiency in reading one of the following languages: French, German, Greek, or Latin, or another language with special permission of the Committee on Instruction. For detailed information, the Announcement of Columbia College should be consulted.
4. Attendance at weekly Orientation Lectures during the Winter Session.

ACHIEVEMENT TESTS

Under the regulations for the Bachelor of Arts degree, a student who has anticipated the subject matter of any of the preceding prescriptions or of any other college course may make application to take an achievement test. If the result of this test indicates sufficient mastery of

[1] With permission of the Committee on Instruction a student may substitute for *Humanities B* a year of advanced work of not less than three hours a week in one of the humanistic fields.

[2] Since *Science A* and *B* are conducted as a single unified course, separate sessions may not be combined with other courses in meeting the prescription in science.

the subject, the prescription will be waived, and the student may go forward immediately to more advanced work in the subject. Passing the achievement test will not give point credit toward the degree.

PLACEMENT EXAMINATIONS

All freshmen are required to take placement examinations in English, mathematics, and modern foreign languages in order that failures due to misplacement in courses may be avoided if possible. The type of examination used is designed to test the readiness with which the student can adapt his knowledge to the requirements of college work. The results of these examinations will determine a student's placement in courses and in sections.

Where it is necessary to place a student in a course which forms a technical duplication of entrance credit, credit toward the Bachelor of Arts degree will not be allowed unless the student passes the course in which he is placed with a grade of B or better.

ADMISSION TO THE PROFESSIONAL SCHOOLS

Students who have completed sixty-four points of work in Columbia College may enter the first year of either the School of Business or the School of Engineering, provided they can satisfy the stated requirements for admission thereto, and may receive a Bachelor of Science degree on recommendation of the professional school of their choice upon the satisfactory completion of the two-year undergraduate course in that school.

Students who have completed thirty points of work in Columbia College, exclusive of physical education, may enter the first year of the School of Architecture, provided they can satisfy the stated requirements for admission thereto, and may receive a Bachelor's degree on recommendation of the School of Architecture upon the satisfactory completion of the professional undergraduate course in that school.

Optometry. A four-year course leading the the Bachelor of Science degree in optometry has been authorized by the University Council. The first two years of this course are under the jurisdiction of Columbia College; the last two, under a committee of the University Council.

Combined Courses

Upon receiving ninety-four points, sixty-four[3] of which must be for work in Columbia College including all the work prescribed for the degree in Columbia College, a student may, without severing his connection with Columbia College, take studies in the first year of any one of the following professional schools, provided he can satisfy the stated requirements for admission thereto, and will receive the degree of Bachelor of Arts from Columbia College upon the satisfactory completion of the year's work. This procedure is defined as the exercise of professional option.

School of Architecture
School of Business
School of Dental and Oral Surgery or other approved dental school
School of Engineering
School of Law
School of Medicine or other approved medical school
Union Theological Seminary

Students exercising professional option must have at least twenty maturity credits before entering the professional school, the completion of the first year of which will satisfy the

[3] In exceptional cases, students of high scholarship who have completed two years of college work elsewhere may satisfy the residence requirement by the completion in Columbia College of thirty-four points, with an average of B. Work done in the Summer Session or University Extension may not be included in these thirty-four points.

maturity credit requirement for the degree. No course may be counted toward a professional degree and at the same time be included among those which go to make up the ninety-four points referred to above.

Students who intend to study for holy orders are permitted, with the approval of the Committee on Instruction, to offer toward the Bachelor's degree certain courses given at the General Theological Seminary.

Miscellaneous. Special advisers are designated for students looking forward to law, medicine, engineering, business, journalism, architecture, dentistry, teaching, theology, and to the liberal arts group, respectively.

The student's performance in a course is reported according to the following grades: A, excellent; B, good; C, fair; F, failure. The designation MU is used to indicate that the student is permitted to take a second final examination. The grade of A in six points of college work completed in any session of the academic year entitles a student who has not fallen below B to one point of extra credit.

Matriculated students whose records as to entrance conditions and the completion of prescribed courses are satisfactory to the Committee on Instruction are classified as follows:

Freshmen, those who have less than 26 points
Sophomores, those who have completed 26 points
Juniors, those who have completed 58 points
Seniors, those who have completed 88 points

Scholarships. For information concerning scholarships, prizes, and medals, see the Announcement of Columbia College.

Announcement of Columbia College. The Announcement of Columbia College, which may be had upon application to the Secretary of the University, contains a description of the various resources of the University which are available to undergraduate students, full information concerning admission requirements and procedure, regulations and advice concerning programs of study, a list of the undergraduate courses by departments, and lists of fellowships, scholarships, prizes, and medals.

UNIVERSITY UNDERGRADUATES

In the interest of mature students the University adopted in October, 1920, a plan whereby the work of the University in its several divisions is made more fully accessible to properly qualified students who may be candidates for a Bachelor's degree, but whose needs are not fully met by the provisions of the undergraduate colleges. Such students are designated University Undergraduates, as distinguished from College undergraduates and from graduate students. They must comply fully with the requirements for admission to Columbia College or, in the case of women, to Barnard College. Evidences of maturity may be the age of twenty-one years or more, the satisfactory completion of two or more years of college work elsewhere, special proficiency in some study, etc. University Undergraduates may, with permission, take work in Columbia College and, with certain restrictions, in the Summer Session and in University Extension. Provided they are entitled to senior standing they may take certain courses offered by the Graduate Faculties of Political Science, Philosophy, and Pure Science. On completing the requirements provided for such students they will be granted the degree of Bachelor of Science in general studies on the recommendation of the University Council.

SCHOOL OF LAW

FACULTY

President Butler.

Dean Smith.

Professors Berle, Chamberlain, Cheatham, Deák, Dowling, Gellhorn, Gifford (*Secretary*), Goebel, Hale, Hamilton, Handler, Hanna, Hays, Hyde, Jacobs, Jervey, Jessup, Llewellyn, Magill, Medina, Michael, Patterson (E. W.), Powell, Schiller, Wechsler.

Delegates to the University Council (see page 13).

Purpose. The School of Law, which was established in 1858, aims to afford a thorough, practical, and scientific education in the principles of the common and statute laws of the United States; the English and American system of equity jurisdiction; the public law of the United States and Europe; the Roman law, ancient and modern; and theoretical and comparative jurisprudence.

Admission. Applicants for admission to the first year class normally will be required to take a capacity test. This requirement may be waived by the Faculty Committee on the Selection of Students in the case of applicants who have maintained a high scholastic average. Only those applicants will be admitted who, on the basis of their college records, their scores made on the capacity test, provided they are required to take the test, and other available pertinent data give promise of doing thoroughly satisfactory work. Applicants for admission as candidates for graduate degrees and, in some cases, applicants for admission with advanced standing, are not required to take the capacity test.

Degrees. The Law School offers three degrees: the Bachelor of Laws, the Master of Laws, and the Doctor of the Science of Law. The curriculum leading to the degree of Bachelor of Laws covers a period of three academic years.

Accelerated Program. By utilizing the summer months, the School offers an accelerated program, open to all students, primarily for those who wish to finish all or part of their work before entering military service. Under this program, a Summer Session combined with a Winter or Spring Session is the equivalent of one academic year. The entire law course may be completed in two calendar years by attending six successive sessions. First year students are admitted in September, February, or June.

Credit Because of Entry into the Armed Service. A student registered as a candidate for the degree of Bachelor of Laws who enters the armed service of the United States after the middle of a session and before completing the work thereof, will receive residence and point credit for the work of such session if he has passed the examinations in his next preceding session, if any, at this School with an average of 3.25 or better, and is certified by all, or all but one, of the instructors in charge of the courses for which he is registered as having done satisfactory work up to approximately the date of his entry into the armed service. No point or residence credit is given under this rule if a student's work is certified as unsatisfactory in more than one of his courses.

For candidates for the degree of Bachelor of Laws, the work of the first year is prescribed and includes, in addition to the usual first year courses, a course in the development of legal institutions and a course in legal method. The studies of the third year and, to a limited extent, of the second year are elective, but each student must register for courses amounting to not more than fourteen nor less than twelve class hours per week. During the second and third years each student must submit at least one original essay in connection with a course for which he is registered, such essay to count as one point toward the requirements for the degree of Bachelor of Laws. All students must also pass a course in jurisprudence and satisfactorily complete at least twelve points of work in the general area of public law. Second

and third year students of high standing are admitted to graduate courses subject to the approval of the instructor in charge. No student is permitted to remain in the School unless he maintains a satisfactory average at the end of each year.

Candidates for the degree of Master of Laws must have successfully completed three years of study in an approved law school, have obtained a first degree in law, and have fulfilled certain other preliminary academic requirements. They must successfully complete the equivalent of one year's work in the Law School, and their programs are subject to the approval of the Committee on Graduate Instruction.

Candidates for the degree of Doctor of the Science of Law must present convincing evidence of their ability and educational training to do original research in Anglo-American law. They must have successfully completed with high rank three years of study in an approved law school and have obtained a first degree in law. Graduates of law schools outside the United States or the British Empire will ordinarily not be admitted to candidacy for the degree of Doctor of the Science of Law unless they have completed with high rank at least one year's work in an approved American law school. Candidates for the degree of Doctor of the Science of Law must be in residence for at least one academic year and must also submit a printed dissertation showing the results of their study and investigation.

In general, degrees will not be awarded unless the preliminary qualifications of the student are approved by the Director of University Admissions and the student is matriculated as a candidate for the degree. A period of regular attendance on all stated academic exercises amounting to at least one academic year must be completed by every candidate for a degree. Those interested in further details of the requirements for admission and for the various degrees should consult the Announcement of the School of Law.

Historical. King's College, the original foundation of Columbia University, organized a Medical Faculty in 1767 and was the first institution in the North American colonies to confer the degree of Doctor of Medicine in course. The first individuals to graduate in medicine from the College were Robert Tucker and Samuel Kissam, who received the degree of Bachelor of Medicine in May, 1769, and that of Doctor of Medicine in May, 1770, and May, 1771, respectively. Instruction in medicine was given from this time on until the work of the College was broken up by the War of the Revolution. In 1784 an act was passed making Columbia College in the City of New York the successor to King's College, and instruction was resumed in the academic department. Eight years later the Medical Faculty was reëstablished and was continued until 1813, when the Medical Faculty of Columbia College was merged with the College of Physicians and Surgeons, which had received an independent charter in 1807. In 1860, by agreement between the Trustees of the two institutions, the College of Physicians and Surgeons became the medical department of Columbia College, and from that time on the diplomas of the graduates were signed by the President of Colum-

[1] On leave.

bia College as well as by the President of the College of Physicians and Surgeons. The connection was only a nominal one, however, until 1891, when the College was definitely merged with the University.

Location and Equipment. The College of Physicians and Surgeons was first situated at 18 Robinson Street, from 1807 to 1809. From 1809 to 1813 it was at 12 Magazine Street; from 1813 to 1837, at 3 Barclay Street; from 1837 to 1856, at 67 Crosby Street; from 1856 to 1887, at 101 East 23d Street; and from 1887 to 1928, at 437 West 59th Street. In 1928 it was moved to its present quarters at 630 West 168th Street. It is housed in a seventeen-story, fire-resisting, steel, brick, and concrete building, each floor connecting with the wards and services of Presbyterian Hospital, Sloane Hospital for Women, and Vanderbilt Clinic.

THE COLUMBIA-PRESBYTERIAN MEDICAL CENTER

A permanent affiliation between Columbia University and Presbyterian Hospital was established in 1921. The two institutions in conjunction with several others are now housed on the plot of land given to Columbia University and Presbyterian Hospital by Mrs. Stephen V. Harkness and Mr. Edward S. Harkness, extending from West 165th Street to West 168th Street and from Broadway to Riverside Park. It comprises about twenty acres and is readily accessible from all parts of the city by bus lines and by surface and subway railways. Stations of the Interborough Rapid Transit and the Independent Subway System are located at the 168th Street corner of the plot. The Medical Center was opened in the spring of 1928.

As of January, 1944, all the voluntary hospitals and clinics at the Medical Center have been consolidated into a single corporation under the Presbyterian Hospital. The several hospitals continue to function as separate units of the Presbyterian Hospital. The Medical Center group is as follows: The College of Physicians and Surgeons, School of Dental and Oral Surgery, DeLamar Institute of Public Health, Washington Heights Health and Teaching Center, New York State Psychiatric Institute; the Presbyterian Hospital and its subdivisions, the Squier Urological Clinic, the Institute of Ophthalmology, Harkness Pavilion, Sloane Hospital for Women, Vanderbilt Clinic, Babies Hospital, and the Neurological Institute.

Presbyterian Hospital was founded in 1868. The hospital occupies a twenty-two story building in which are the wards of the medical and surgical services, Sloane Hospital for Women, and Squier Urological Clinic. To provide for personal contact between doctor and patient, the hospital is divided into floor units of between sixty and seventy beds, each unit fully equipped and in charge of a special staff of doctors, nurses, social workers, and dietitians. Harkness Pavilion for private patients is connected with the main building. Under the terms of the affiliation with Columbia University, members of the hospital staff are appointed by the Board of Managers on nomination by the Trustees of the University. There are 495 (Sloane, Squier, Presbyterian) teaching beds.

Squier Urological Clinic occupies the ninth floor of the Presbyterian Hospital building and the tenth floor of Babies Hospital. There are sixty-seven beds for the care of adults and fourteen beds for babies and children. There are laboratories fully equipped to do diagnostic, x-ray, bacteriological, pathological, fluoroscopic, and research work. The clinic has two large, especially equipped operating rooms. The urological out-patient department, situated in Vanderbilt Clinic, is fully equipped for cystoscopic, x-ray, and laboratory work.

The Institute of Ophthalmology of Presbyterian Hospital was made possible by the generosity of Edward S. Harkness. The hospital and laboratories for the study of diseases of the eye are active in the training of physicians and nurses. The hospital contains fifty-four ward beds.

Harkness Pavilion is available for the accommodation of private patients of the attending staff.

Sloane Hospital for Women was built at West 59th Street and Amsterdam Avenue and presented to Columbia University by Mr. and Mrs. William D. Sloane in 1886. It now occupies three floors of the Presbyterian Hospital building for ward and semiprivate patients

and two floors in Harkness Pavilion for private patients. The wards of the hospital furnish 125 beds for obstetrical and gynecological patients. Patients, other than emergencies, are admitted to the hospital through Vanderbilt Clinic. The deliveries in the hospital number about 2,800 a year. The gynecological service is run in conjunction with the gynecological service of Vanderbilt Clinic.

Vanderbilt Clinic, presented by the Vanderbilt family to Columbia University in 1888, is the common out-patient department for the hospitals in the Medical Center. It is a fully equipped dispensary for the sick poor. The professors of the Medical School, with their assistants, have entire charge of its professional services. The building is so arranged that each department has rooms for practical instruction in small sections. All modern appliances for the treatment of disease are available, so that the students can learn thoroughly the use of all methods in each of the special departments of medicine.

New York State Psychiatric Institute and Hospital is a 200-bed hospital built and maintained by the State of New York, with provisions for the study and treatment of all types of psychiatric disorders. There are special facilities for the treatment of children presenting behavior and personality problems. Connected with the hospital is an active out-patient department providing diagnostic and treatment facilities in psychiatric problems of both adults and children. The hospital maintains special clinical and research laboratories and an extensive psychiatric library. The members of the hospital staff have teaching appointments in the Department of Psychiatry and take an active part in the instruction of the medical students.

Babies Hospital provides for general medical and surgical care of infants and children up to and including twelve years of age. One floor of the hospital is devoted to the care of private and semiprivate patients. Three floors are equipped with laboratories. Both outdoor and indoor playrooms are provided for convalescent children. The surgical floor, with complete operating equipment, affords accommodation for thirty-one patients. The total capacity of the hospital is 162 beds. Laboratories are operated for the routine and research work of the hospital in pathology, bacteriology, and chemistry. An x-ray and fluoroscopic department is operated under the direction of the hospital radiologist. In Vanderbilt Clinic an out-patient department is maintained by the visiting and house staff of the hospital, together with dispensary physicians. In addition to the general medical and surgical clinics, there are special clinics for the care of premature infants and for patients suffering from heart disease, tuberculosis, epilepsy, asthma, and other diseases.

Neurological Institute, one of the first nongovernmental hospitals in this country for the treatment of nervous diseases, was founded in 1909. The original building at 149 East 67th Street was occupied continuously up to March, 1929, when the Institute was moved to the Medical Center. Since 1938 the Neurological Institute has been more closely integrated with the Presbyterian Hospital and other units of the Medical Center, which has made possible the development of a broad basic program of teaching and research in neurology in coöperation with the major departments of the School and in the treatment of the sick in the affiliated units of the Medical Center. The present hospital has 123 ward beds and is devoted exclusively to the treatment of diseases of the nervous system and surgical conditions of the brain and nervous system. Facilities are provided for bedside teaching in the wards for both undergraduate and graduate students.

DeLamar Institute of Public Health. The purposes of the Institute of Public Health are to offer a complete curriculum in the theory and practice of preventive medicine and public health in their several aspects, and to provide leadership and guidance for graduate students who desire to do advanced work in the public health sciences; to provide for students of medicine that element in their education which bears upon the preventable diseases and the individual and social aspects of public health problems. It extends to the lay public through existing channels of popular education the benefits of reliable information in the protection and development of human health and in the prevention of disease, as specifically directed in the will of Joseph R. DeLamar. A new program in tropical medicine has been set up under

which research and instruction in tropical diseases and in laboratory methods have been made available to officers in the armed forces and to civilians. Parasitology is also given in the School of Tropical Medicine at San Juan, Puerto Rico.

In response to the urgent need of medical officers for the armed services and the civilian needs of the war effort the Medical School has adopted an accelerated program which permits completion of the usual academic course in three calendar years. During the war emergency entering classes will be enrolled once a year and will complete four academic years in three calendar years. New classes will matriculate on October 1, 1945, and September 9, 1946. A student matriculating in the first year class in October, 1944, can complete all his requirements for the degree of Doctor of Medicine by September, 1947. The terms for the next three years are as follows:

October 2, 1944, to June 16, 1945
July 2, 1945, to March 23, 1946
March 25, 1946, to December 21, 1946
December 30, 1946, to September 20, 1947

The facilities of other hospitals in and near New York City are open to undergraduates for certain required and elective courses, and to graduates for the program of graduate medical education, including the long-term training of specialists through residencies and the short courses for men in active practice.

Bellevue Hospital, a unit of the New York City Department of Hospitals, was founded in 1736 as a "Publick Workhouse and House of Correction of the City of New York," and received its present name in 1816. It has 2,237 beds used for the treatment of acute diseases. One of its four divisions has been utilized for instruction by the Faculty of the College of Physicians and Surgeons for over sixty years. The staff of the service is appointed by the Commissioner of Hospitals on the nomination of the Trustees of Columbia University. During the fourth year clinical clerkships are provided in general medicine, general surgery, and tuberculosis. In January, 1939, a unit of 316 beds for chest diseases was opened. This service under the Columbia division represents the most up-to-date equipment and facilities for diagnosis and therapy in tuberculosis and other pulmonary disorders.

Goldwater Memorial Hospital in the Department of Hospitals of New York City was opened on Welfare Island in 1939 to fill the need for intensive research in chronic diseases and for the establishment of adequate facilities for the care of the chronic sick. It contains 1,500 beds. The First Division of the Hospital, which contains 400 beds, is under the auspices of Columbia University and is used for instruction of undergraduate and postgraduate students. Since 1936 the Research Division for Chronic Diseases has been operating as a nucleus of the First Division. This hospital was originally called the Welfare Hospital for Chronic Diseases and received its present name in 1942.

Hospital for Joint Diseases, established in 1905 as a hospital for deformities and joint diseases, accommodates 355 patients, including sixty in the Country Home at Far Rockaway.

Hospital for Special Surgery was organized in 1863 as the Hospital for the Ruptured and Crippled and received its present name in 1942. The hospital has a ward capacity of 184 beds devoted to the care of orthopedic and surgical conditions. It is affiliated in the programs of undergraduate and graduate medical education.

Lincoln Hospital, a unit of the New York City Department of Hospitals, has a bed capacity of 368. The facilities of the pediatrics department are offered for elective work in the undergraduate course.

Margaret Hague Maternity Hospital, a unit of the Jersey City Medical Center, has a capacity of 556 beds, including 248 bassinets. An affiliation with Columbia University was arranged in 1935 for postgraduate instruction in obstetrics.

Mary Imogene Bassett Hospital in Cooperstown, New York, is affiliated with the University for the teaching of medicine and surgery. It has eighty beds.

Montefiore Hospital for Chronic Diseases, founded in 1884, has a capacity of 712 beds devoted to the treatment of chronic diseases. The neurological division of 160 beds is used for undergraduate instruction. Short courses for graduates are given annually in collaboration with Columbia University.

Morrisania Hospital, a unit of the New York City Department of Hospitals, was established in 1929. The bed capacity is 471 of which 137 are used for teaching in obstetrics.

Mount Sinai Hospital, organized in 1852, accommodates 853 patients. The hospital since 1923 has been affiliated with Columbia University for postgraduate instruction, particularly for physicians in general practice, and for elective undergraduate work in pediatrics and medicine.

New York Eye and Ear Infirmary, founded in 1771, a hospital containing 169 beds for the treatment of eye, ear, nose, and throat diseases, is affiliated in the program of graduate medicine.

New York Orthopaedic Dispensary and Hospital, established in 1868, has a bed capacity of 128, including ten cribs, used exclusively for the surgical treatment of orthopedic conditions. Its facilities are used in the teaching of orthopedics to undergraduates.

New York Post-Graduate Medical School and Hospital, established in 1882 to provide instruction for physicians, was affiliated with Columbia University in 1931. The Dean of the College of Physicians and Surgeons is the Director of the Post-Graduate, and six members of the Post-Graduate staff have seats on the Medical Faculty of the University.

Reconstruction Hospital, a unit of the New York Post-Graduate Medical School and Hospital since 1930, has fifty-seven beds for the care of patients suffering from the accidents and diseases of modern industry.

Roosevelt Hospital, established in 1864, is a general hospital containing 397 beds. Its facilities are used in the teaching of medicine and surgery to undergraduate and postgraduate students.

St. Luke's Hospital, established in 1850, contains 446 beds, including eighty beds for infants and children. Its facilities are used in the teaching of pediatrics to undergraduates and all services participate in the program of graduate medical education.

Sea View Hospital, a unit of the New York City Department of Hospitals, established in 1913, has a bed capacity of 1,600 entirely devoted to the care of tuberculosis in all forms. The facilities of this hospital are used for instruction of undergraduates in physical diagnosis.

Stuyvesant Square Hospital, a unit of the Post-Graduate, was founded in 1882 as the New York Skin and Cancer Hospital and is the oldest hospital in America to specialize in the treatment of skin diseases and cancer. In 1934 it became affiliated with the New York Post-Graduate Medical School and Hospital as the New York Skin and Cancer Unit of that institution. Its facilities are used in the training of physicians for specialization in dermatology and syphilology.

University Hospital of the School of Tropical Medicine in San Juan, Puerto Rico, opened in 1929, contains sixty beds and an out-patient department. Its facilities are open to Columbia University for instruction in tropical diseases.

Willard Parker Hospital, a unit of the New York City Department of Hospitals, established in 1886, contains 424 beds and cribs for the treatment of communicable diseases and tuberculosis. The facilities of this hospital are used for instruction of undergraduates in the diagnosis and treatment of communicable diseases.

Woman's Hospital, founded in 1855, was the first institution established by women "for the treatment of diseases peculiar to women and for the maintenance of a Lying-In Hospital." It has 212 beds. In 1937 an affiliation was arranged with Columbia University to participate in the program of training specialists in obstetrics and gynecology.

Library. A thoroughly modern central library with spacious reading room containing approximately 125,000 volumes and about 10,000 pamphlets occupies a part of three lower

stories of the main medical administration building of the Medical Center and is open to students, interns, teachers, and research workers of the combined Medical School, Dental School, and hospital units.

Graduate Instruction. The University grants recognition for acceptable graduate work in the clinical specialties by means of the degree of Doctor of Medical Science. A number of short, intensive courses for medical graduates have been made possible through affiliation with various hospitals in New York City. Further information regarding these courses is provided in Announcements which will be mailed upon request.

Residence Hall. Bard Hall, the gift of Mr. Edward S. Harkness, is situated at 50 Haven Avenue. It contains 265 single rooms, seven suites with private bath, and eleven apartments. The facilities of the Hall include large lounging rooms, dining room, cafeteria and grill-rooms, gymnasium, squash courts, and swimming pool.

Requirements for Graduation. In addition to complying with the requirements for admission and to completing the required work of the curriculum, each candidate for the degree of Doctor of Medicine must present satisfactory evidence, as required by law, of good moral character.

Students who elect the combined course of seven years in Columbia University and are admitted to the Medical School will receive the degree of Bachelor of Arts from Columbia College upon the completion of the first year of the medical course.

Fellowships, Scholarships, and Prizes. See the Announcement of the School of Medicine.

School of Tropical Medicine. The School of Tropical Medicine of the University of Puerto Rico was created by act of the Puerto Rico Legislative Assembly on June 23, 1924. A plan of coöperation between the University of Puerto Rico and Columbia University for the operation of the School was established in 1925. According to this plan the authority to determine the educational policy of the School and to make nominations to its teaching staff rests with Columbia University. The primary aim of the School is to give opportunity to study in a tropical environment the cause and prevention of that large, ill-defined group of disorders known as tropical diseases, and at the same time to observe the influence of tropical conditions on diseases in general.

Historical. The development of the School of Engineering of Columbia University was initiated in 1864 when the School of Mines, the first school of its kind in the United States, was established. Provision for civil engineering was made in 1868, and courses in metallurgical, electrical, mechanical, chemical, and industrial engineering and in mineral dressing were established later. These courses, each under its appropriate department organization, now constitute, under the Dean and Faculty of Engineering, the School of Engineering of Columbia University. The name School of Mines is still applied, however, to the Department of Mining and Metallurgy and the building which it occupies.

General Statement

Undergraduate Courses. Under action taken by the Faculty of Engineering on January 12, 1942, an accelerated program of study was adopted, in response to war needs, which requires all undergraduate students in the School to attend for three sessions per year, winter, spring, and summer. Through this arrangement the total of eight terms required for the Bachelor of Science degree can be completed in two and two-thirds years.

In June, 1943, this accelerated course was further modified by lengthening each session to sixteen weeks and by a change in academic calendar to meet the requirements of the Navy V-12 Engineer Specialist program. The three annual sessions now open, therefore, about November 1, March 1, and July 1, and students are admitted and graduated at each of these periods.

At the same time the School of Engineering, in coöperation with Columbia College, the liberal arts college of the University, adopted, in lieu of the normal engineering programs of undergraduate study leading to the Bachelor of Science degree, the programs of study

[1] To June 30, 1944.
[2] From July 1, 1944.

announced by the Navy and prescribed for Navy V-12 Engineer Specialist candidates in civil, electrical, and mechanical engineering. The normal Columbia programs in chemical, industrial, metallurgical, and mining engineering were also revised to make use of the general basic subjects of the Navy program for students in these departments. Both Navy and civilian students follow these revised war programs and, upon their successful completion, receive the Bachelor of Science degree. Under this plan the first two terms of the eight-term undergraduate course are offered under the administration of Columbia College.

Recent announcements by the Navy looking toward a gradual reduction in this Navy V-12 training make it probable that the School will return to normal programs of study and the normal academic calendar with the opening of the Winter Session of 1945. While it is not expected that an accelerated program will be maintained—it is not regarded as educationally sound and was adopted solely as a war measure—it is probable that somewhat greater opportunity than in the past will be afforded those students who desire to do so to accelerate their courses through Summer Session offerings.

The general character and outline of these proposed post-war programs will not differ greatly from those prevailing before the adoption of the Navy curricula. See earlier Announcements of the School of Engineering or issues of this Catalogue. These undergraduate courses have been, and will continue to be, available in full only to regular full-time day students, although certain subjects of the first two years (four terms) may be secured through University Extension.

It is to be noted that the first two terms of the present accelerated program, or the first four terms (two years) of the normal undergraduate program, may usually be obtained in any first-class American college. Students having this necessary preparation are admitted to advanced standing in the School of Engineering. Those intending to follow this procedure are advised, however, to consult the Announcement of the School and to write for advice on any uncertain requirements so as to make certain that they will fully meet the prescribed subjects for such advanced standing.

Graduate Courses. Due to war needs and a depleted staff, it has not been possible to offer all the subjects normally given for graduate students. Furthermore, it has been impossible to accelerate graduate programs, and graduate courses have been scheduled only in the Winter and Spring Sessions, although a few subjects suitable for the graduate student have been available during the summer.

Graduate offerings have nevertheless included as usual (*a*) prescribed programs of study for the several professional degrees (Chemical Engineer, Civil Engineer, Electrical Engineer, Mechanical Engineer, Metallurgical Engineer, and Engineer of Mines); (*b*) special programs leading to the Master of Science degree in each of the several departments of the School, and also "undesignated"; and (*c*) through the Graduate Faculties, courses leading to the degree of Doctor of Philosophy.

The professional degree is offered, upon the successful completion of a year of prescribed graduate study, only to those applicants who have completed the prescribed Columbia undergraduate Bachelor of Science course or its equivalent, course for course, in the same branch of engineering.

The Master of Science degree is granted upon the successful completion of a minimum of thirty points of approved graduate study to candidates who have first received the Bachelor of Science degree from an approved engineering school. It is realized that each such graduate student will have had somewhat different undergraduate training and also different graduate interests and ambitions. Accordingly, no official programs of study are announced, each student preparing a program to meet his particular needs with the advice and approval of his department of major interest and the Dean. In order to become a candidate for the Master of Science degree in any department the applicant must have received his undergraduate degree in that branch of engineering which is represented by this department. However, if his graduate program does not center in any one department and embraces courses offered by several departments, the Master of Science degree is granted without departmental desig-

nation, i.e., "undesignated." Needless to say, any acceptable graduate program must be planned to provide a suitable sequence of subjects leading to an educational objective approved by the School. Although the minimum requirement is thirty credits, students may be required to take additional points in order to supplement or broaden their undergraduate preparation.

Courses leading to the doctorate are under the Graduate Faculty (Pure Science), on which each department of the School is represented. Information in reference to the requirements for this degree may be secured from the Graduate Announcement or by consulting the department of major interest. In general, a minimum of sixty credits beyond the Bachelor of Science, plus a reading knowledge of a foreign language and the preparation, defense, and publication of a suitable dissertation are required for this degree. If the candidate holds a Master's degree from an accredited institution, this may be accepted as equivalent to not over thirty points of the required point credit.

GRADUATE AND PROFESSIONAL DEGREES

HISTORICAL

The Faculty of Political Science, established in 1880, the Faculty of Philosophy, established in 1890, and the Faculty of Pure Science, established in 1892, are charged with conducting instruction beyond the undergraduate level, except that offered in professional schools, and with the guidance of students in research. Concurrently with the University Council, these Faculties fix requirements for the degrees of Master of Arts and Doctor of Philosophy for work in the fields represented by the several departments of the Faculties. The three Faculties operate as a coördinated unit through a single Dean, a Joint Committee on Graduate Instruction, and have similar requirements for degrees.

ABSTRACT OF REGULATIONS

Students are advised to consult the Graduate Announcement, the divisional Announcements, and the administrative officers of the departments under which they are pursuing their studies concerning the departmental requirements for admission to candidacy and for final examination.

Admission. In order to be admitted to the University as a regular graduate student under the Faculties of Political Science, Philosophy, and Pure Science, an applicant must hold a baccalaureate degree in arts, letters, philosophy, or science, or an engineering degree, from an institution approved by Columbia University, or must have an education equivalent to that represented by one of these degrees and must have any specific preparation, in scope of studies or quality of academic record, required by the department concerned for undertaking work of graduate grade in the field of his major interest. In every case, the program of studies which he has pursued, and his record in it, must be acceptable to Columbia University.

Applicants for admission to these Faculties should file their applications with the Director of University Admissions as early as possible. No fee is charged in connection with any such application. The Office of University Admissions is open from 9 to 5 daily except Saturday and from 9 to 12 on Saturday. It is also open from 7:30 to 9 p.m. on certain days during the registration period.

When he files his formal application, the applicant should request each college or university he has attended to send an official transcript of his record directly to the Office of University Admissions.

A health examination report form, to be filled out and returned to the University Medical Officer, is required of each student applying either for admission or for readmission.

A late applicant whose official credentials are not received before the close of the registration period will normally be permitted to begin work on the understanding that his status will be determined after the credentials are received. However, such a late applicant should submit with the application a student copy of his college or university records.

After the application and all available credentials have been examined, a permit to register will be sent to the applicant, if his application has been accepted.

In the case of a student with a deficiency to be removed, the Office of University Admissions will specify the amount of the deficiency and advise the student on the courses to be taken in removing it. Graduate courses to be credited toward an advanced degree may sometimes be taken by an unclassified student during the same session as courses taken to remove deficiencies, but it will ordinarily be required that the deficiency be removed before the student begins the last fifteen points of work for the degree of Master of Arts.

A student of mature age or special qualifications who is well prepared for work in the subject of his choice may be admitted as an unclassified graduate student.

Registration. Before attending University courses, every student must present himself at the office of the Registrar and file a registration form giving such information as may be required for the University records together with a statement of the courses he is authorized to pursue. The first time a student enrolls under a faculty, he must present an admission permit with his registration form (program card). (See "Admission" above.) Students taking University Extension courses for credit toward a degree under the Faculties of Political Science, Philosophy, and Pure Science should file a graduate registration form. In order to qualify for the receipt of their stipends, Fellows and Scholars must register not later than the date specified in the Academic Calendar; failure to do so may vacate the fellowship or scholarship.

Attendance. No degrees are granted by the University for work done *in absentia,* and residence in the University for at least one academic year is a requirement for any degree. A year of residence under the Faculties of Political Science, Philosophy, and Pure Science is defined as registration for and attendance upon graduate courses aggregating not less than

thirty points, distributed over a period of not less than one academic year or its equivalent. Four Summer Sessions, or two Summer Sessions together with a Winter or Spring Session, are equivalent to one academic year. In certain cases and by special arrangement made in advance, time exclusively devoted to investigation in the field will be credited in partial fulfillment of the residence requirement of candidates for the degree of Doctor of Philosophy. For evaluation of such work, application should be made to the Dean.

Although there is no definite time limit set for the period of candidacy for the degree of Master of Arts or Doctor of Philosophy, a student must satisfy the requirements that are in effect at the time of the award of the degree, and therefore a student who takes more than the normal time for completion of requirements may have to satisfy increased or changed requirements.

Courses in Professional Schools. In lieu of courses that are listed as graduate courses under departments or divisions of the Faculties of Political Science, Philosophy, and Pure Science, a student may offer courses listed under the School of Law, the College of Physicians and Surgeons, the School of Engineering, Union Theological Seminary, the New York School of Social Work, or graduate courses under the Schools of Architecture, Business, Journalism, or Library Service, in fulfillment of not more than fifteen points of the residence requirement toward the degree of Master of Arts or Doctor of Philosophy, provided such courses are previously approved for this purpose by the Dean in writing at the time of registration and are not offered by the candidate for credit toward a professional degree or diploma.

Graduate Courses Taken by Undergraduates. Subject to the approval of the appropriate deans, an undergraduate student in Columbia University whose academic record has been good and who, in the final session of his candidacy for a Bachelor's degree, is within twelve points of that degree may register for graduate courses with a view to offering such courses in partial fulfillment of the requirements for residence for a higher degree, provided, however, that he shall not receive graduate credit in excess of the difference between fifteen points and the number of points that he needed to fulfill the requirements for his Bachelor's degree at the beginning of such session. Students seeking authorization to follow this option should present their requests to the Director of University Admissions well in advance of the registration dates.

The Degree of Master of Arts

A regular graduate student enrolled under the Faculties of Political Science, Philosophy, and Pure Science and accepted as a candidate for the degree of Master of Arts will be recommended for the degree after the following requirements have been satisfied:

1. The candidate shall have registered for and attended courses aggregating not less than thirty points, distributed over a period of not less than one academic year or its equivalent. Since thirty points is the minimum requirement for the degree of Master of Arts, it is not possible to cut down this amount of residence work by offering graduate courses completed in other institutions.

2. The candidate shall have satisfied the department of his choice that he has completed all the requirements specified by the department for the degree. These requirements may include the completion of courses and the assigned work in them, examinations, an essay, seminars, or other work prescribed by the department.

Students are advised to consult the divisional Announcements and the administrative officers of the departments under which they are pursuing their studies, concerning the departmental requirements for the degree.

The Degree of Doctor of Philosophy

Matriculation. The Faculties give special recognition to *matriculated candidates* for the degree of Doctor of Philosophy, and certain privileges are accorded them. A regular graduate student is matriculated as a candidate by the Dean on the recommendation of the depart-

ment in which the research work of the candidate will lie. A department will recommend a student for matriculation as a Ph.D. candidate after he has met the following prescriptions, and the student will thereupon apply at the Dean's office for matriculation.

1. The student must have pursued graduate studies in residence in this University or in some other institution approved by it for the equivalent of at least one academic year as defined in the regulations of the University. (See minimum residence requirements for the degree of Doctor of Philosophy under the paragraph "Final Examinations.")

2. The student must have satisfied the department that he is proficient in such languages as it may under the rules of the Faculty prescribe.

3. The student must have satisfied the department that he is prepared to undertake researches under its direction.

Credit for Work Done in Other Colleges or in Other Faculties of Columbia University. A written request for evaluation of graduate work done elsewhere should be sent to the Director of University Admissions with a transcript of that work and a marked catalogue of the institution in which the work was done.

A student who is accepted as a candidate for the degree of Doctor of Philosophy and who holds the first degree from the Columbia University School of Law, the College of Physicians and Surgeons, the School of Dental and Oral Surgery, Union Theological Seminary, or the New York School of Social Work, or a higher degree from the School of Engineering may, with the consent of the Dean, offer the work done for the professional degree in lieu of thirty points toward the fulfillment of the residence requirement for the degree.

Dissertation. Actual accomplishment in research, embodied in a dissertation, is one of the prime requirements to be met by the candidate. His dissertation is to be submitted to his department. Its approval by the department satisfies one of the requirements for admission to a final examination.

Final Examinations. The final examination for the degree of Doctor of Philosophy is conducted by the Faculty rather than by the department. The Dean will admit a matriculated candidate for the degree to final examination, and appoint a committee representing the Faculty to examine him, upon the recommendation of the department in charge of his work. Departments will recommend candidates for examination upon the following conditions:

1. The candidate must have pursued graduate studies and research for at least two academic years, during one of which he must have been a student under the Faculties of Political Science, Philosophy, and Pure Science. The years of graduate study prior to his matriculation may be accepted in part fulfillment of this condition.

2. The candidate must have satisfied such preliminary examinations or requirements as the department may demand.

3. The candidate must have prepared a dissertation approved by the department and embodying the results of his researches. This dissertation must be printed either prior or subsequent to the final examination, as the department may require.

The final examination for the degree of Doctor of Philosophy is an oral examination. The candidate is examined primarily on his dissertation and related topics, but the examiners are expected to ask any questions they may think desirable to test the candidate's grasp of his subject as a whole and his general acquaintance with related fields.

Applications for the final examination for the degree of Doctor of Philosophy may be filed with the Dean at any time but not later than April 1 if the examination is to be held in the same academic year in which the application is filed. Examinations will be held not earlier than three weeks after the filing of the application.

Fees. All fees, including the application fee of $20, must be paid to the Bursar of the University at least three days in advance of the date set for the final oral examination.

Filing Printed Copies of the Dissertation. After the examining committee has approved the dissertation and certified that the candidate has passed the final examination the candidate shall deliver seventy-five printed copies of his dissertation to the University Libraries before the degree is conferred. On the title page of every such dissertation shall be printed the

words: "Submitted in partial fulfillment of the requirements for the degree of Doctor of Philosophy in the Faculty of ————, Columbia University"; the full name of the author, first name, middle name, and surname; the full title of the dissertation; the year and place of imprint, and, if a reprint, the title, volume, and pagination of the publication from which it was reprinted. There shall be printed and appended to each dissertation, in the form of a vita, a statement of the place and date of birth of the author, of the educational institutions that he has attended, and a list of the degrees and honors conferred upon him, as well as the titles of his previous publications.

Matriculation of Students in Subjects Not Represented by Departments. Students admitted to the University under Faculties other than the Faculties of Political Science, Philosophy, and Pure Science, as well as students under these three Faculties who desire to become candidates for the degree in subjects other than those comprised within the departmental offering of these three Graduate Faculties may, upon the recommendation of the Joint Committee on Graduate Instruction, be matriculated for the degree and admitted to final examination by the Dean upon the following conditions:

1. The student must be qualified for admission to the University under the Faculties of Political Science, Philosophy, and Pure Science.

2. With the recommendation of the Faculty under which he is admitted to the University, or of an appropriate officer or committee thereof, the student must submit for approval of the Joint Committee on Graduate Instruction: (*a*) a program of studies pursued and to be pursued; (*b*) one or more broad subjects of learning in which he will offer himself for oral examination (written examinations may also be required); (*c*) two or more foreign languages of which he has a reading knowledge; (*d*) the subject of his proposed dissertation.

3. When these four items shall have been approved, the Dean will appoint a special committee to supervise the work of the student and conduct his examinations. When he shall have passed his examination in subjects and demonstrated his ability to read the foreign languages accepted, the student will be matriculated as a candidate for the degree.

4. The candidate so matriculated will be admitted by the Dean to final examination by his committee after he has prepared a dissertation embodying the results of his researches, which dissertation must be printed either prior or subsequent to this final examination, as the committee may require.

5. Before admission to final examination the candidate must have pursued advanced studies for at least two academic years, one of which must have been spent at this University.

Under the Joint Committee on Graduate Instruction there are at present standing committees for the guidance of students toward the degree of Doctor of Philosophy in the fields of business, geography, industrial engineering, nutrition, religion, and statistics.

Historical. In 1883 the Trustees of Columbia College offered degrees to women who would be able to pass the necessary examinations, without, however, providing instruction for them. The resulting system, called the Collegiate Course for Women, proved unsatisfactory. Barnard College was therefore organized in 1889 to provide instruction for women which should be identical with or equivalent to that provided for men in Columbia College.

For eleven years Barnard duplicated for women as far as possible the curriculum of Columbia College and also registered for graduate work under the University faculties women who held the Bachelor's degree from institutions of good standing. Its instructors were members of the University staff. Examinations for entrance, those given in course, and those for degrees were conducted by Columbia University. During the first three undergraduate years separate instruction was given to women; in the senior year they were admitted to certain courses in the University. Graduate students attended many courses at the University under the Faculties of Philosophy, Political Science, and Pure Science, the laboratory work in science being done at Barnard College.

The growth of Barnard College made inappropriate, however, the informal arrangement for instruction which was the natural method at the outset, and it became necessary to recognize formally the status which had gradually come into existence. An agreement was accordingly entered into in January, 1900, by which Barnard was included in the University system. Barnard is now an independent college for women with a corporation and a Faculty of its own vested with all the powers commonly belonging to such bodies. At the same time, it shares the Libraries, the instruction, and the degrees of Columbia University.

A more exact idea of the relations between Barnard College and Columbia University and also of the relations between Barnard College and Teachers College is to be found in the Announcement of Barnard College. This may be obtained without charge upon application to the Secretary of the Committee on Admissions of Barnard College.

addition, the final determination of credits of students admitted by transfer lies with the Committee on Transfers, which reserves the right of readjusting credit at any time. No applicant may enter the senior class as a candidate for a degree after October 15 in any year, and no student who has resided less than two full sessions (Winter or Spring) at Barnard College will receive a degree.

Special Students. Women who wish, without working toward a degree, to make a serious study of some subject or group of subjects may, with the approval of the Committee on Admissions, enter Barnard as nonmatriculants. They need not pass formal entrance examinations, but they must submit satisfactory credentials in regard to character and qualifications for the courses they wish to take. Candidates for admission as nonmatriculants must be at least eighteen years of age. They may not pursue merely elementary courses. They must not, within ten months of the time of application, have been rejected or have become deficient as regular students. They will be held to the observance of the same regulations as to attendance, examination in course, proficiency, and deficiency as regular students. They are also subject to the usual health regulations.

Nonmatriculants are entitled to a formal statement of the satisfactory completion of their work. They may, in view of a satisfactory record in college courses, be transferred by the Committee on Instruction to the matriculated basis as candidates for a degree.

Matriculation, Registration, Fees. Detailed information will be found in the Announcement of Barnard College.

Physical education is prescribed for all students during their period of residence.

Program of Studies for Degree with Certificate in Science or Mathematics. This program is the same as the foregoing except in the following respects:

A major subject of twenty-eight points in one of the following natural sciences: astronomy, botany, chemistry, geography, geology, mineralogy, physics, experimental psychology and zoölogy, or in mathematics; and two minor subjects of at least twelve points each, one in a subject allied to the major and one in a diverse subject, both to be chosen from the foregoing list with the addition of anthropology.

Additional grouped work in science or in mathematics, or in science and mathematics, amounting to at least eight points.

Degrees with Honors. Degrees with honors will be awarded to students who have completed the work for the degree with highest distinction (*summa cum laude*), with high distinction (*magna cum laude*), and with distinction (*cum laude*).

Preparation for Professional Schools. Students who intend to transfer to professional schools are of two classes: those who leave Barnard at the end of the sophomore year without candidacy for the Bachelor of Arts degree; and those who at the end of the junior year wish to take advantage of the combined course, counting the first year of an approved professional school in place of the senior year at Barnard.

Barnard students intending to transfer to professional schools without candidacy for the degree of Bachelor of Arts are required to take courses in English composition, speech, hygiene, and physical education throughout their stay at Barnard, and such other courses as are appropriate in preparation for the professional school to which the transfer is to be made.

Students with a good record may, by special permission of the Committee on Instruction, count the first year of an approved professional school in place of the senior year at Barnard. To be eligible for this combined course a student must complete at Barnard, before transferring to the professional school, ninety points of academic work including all grouped work and a major of twenty-eight points unless this number is reduced in individual cases by special permission of the Committee on Instruction. Students transferring to Barnard from other institutions will be granted the privilege of a combined course only if they have an unusually good record, and in no case will the permission of the Committee on Instruction be given until after the student has completed at least a full year of work in Barnard College.

University Courses. Certain courses in the Department of Music and in Teachers College are open to regular students registered in Barnard College. Certain graduate courses in Columbia University under the Graduate Faculties are open to specially qualified seniors.

After one year of collegiate work in Barnard, a student may transfer without examination to the School of Architecture as a candidate for the degree of Bachelor of Architecture; after two years, to the School of Business as a candidate for the degree of Bachelor of Science, or to the School of Nursing as a candidate for the degree of Bachelor of Science in nursing; after three years, to the College of Physicians and Surgeons as a candidate for the degree of Doctor of Medicine; after three or four years, to the School of Law as a candidate for the degree of Bachelor of Laws; after four years to the School of Journalism, the School of Library Service, or Union Theological Seminary.

Detailed information in regard to these opportunities will be found in the Announcements of Barnard College and of the other schools concerned.

Scholarships. For information concerning scholarships and prizes and medals see the Announcement of Barnard College.

Historical. Teachers College, founded in 1888 and chartered by the Regents of the University of the State of New York in 1889, became in 1898 a part of the educational system of Columbia University. The President of Columbia University is President *ex officio* of Teachers College, and the College is represented in the University Council by its Dean and representatives elected from the Faculty. The College, however, maintains its separate corporate organization, and its Board of Trustees continues to assume entire financial responsibility for its maintenance. In 1912 the Trustees reorganized Teachers College, establishing the School of Education with the Faculty of Education, and the School of Practical Arts with the Faculty of Practical Arts. New College, an experimental college for the education of teachers, established in 1932, was discontinued in 1939. In 1935 the Trustees abolished the School of Education and the School of Practical Arts, combining the Faculty of Education and the Faculty of Practical Arts into the Faculty of Teachers College. At the same time, the Advanced School of Education was established. In addition, Teachers College conducts the Horace Mann-Lincoln School and the Horace Mann School for Boys.

The central group of the Teachers College buildings occupies the block directly north of the University Campus, bounded by West 120th and West 121st Streets, Amsterdam Avenue, and Broadway. In this group the main Teachers College Hall, containing offices, lecture and conference rooms, laboratories, and the offices and rooms assigned to the Advanced School of Education, is adjoined by Milbank Memorial Hall, which contains the Memorial Chapel; by Macy Hall, which provides space for academic and technical instruction, including equipment for fine and industrial arts, and contains the Guidance Laboratory; and by Grace Dodge Hall, which houses the work in home economics, nursing education, and music, and contains

the social rooms and the cafeteria. Russell Hall, the library and administration building of Teachers College, completed in 1924, adjoins the main Teachers College Hall on the east. Frederick Ferris Thompson Memorial Hall, equipped for physical education, connects Milbank Hall on the west with the Horace Mann building. Macy Annex, a two-story building on West 121st Street between Macy Hall and Horace Mann building, affords office and classroom space. Lowell Annex is a two-story office building adjoining Russell Hall.

The Residence Halls are Whittier Hall, at the eastern end of the block of College buildings and facing on Amsterdam Avenue; Bancroft Hall, on the north side of West 121st Street, opposite Grace Dodge Hall; Seth Low Hall, at the corner of West 121st Street and Morningside Drive; and two additional apartment buildings, Sarasota Hall and Grant Hall, at 512 and 514 West 122d Street.

The buildings of Horace Mann School for Boys, a country day school, are located on West 246th Street, near Van Cortlandt Park. This group includes the main school building, the principal's residence, a gymnasium, a swimming pool, and a grandstand. A wing containing a library, auditorium, and chemical laboratory was added in 1936–1937.

The Lincoln building is at 425 West 123d Street between Amsterdam and Morningside Avenues. Activities in educational research are housed in an addition on the west, at 433 West 123d Street, completed in 1928. A swimming pool was opened at the same time.

The Faculty of Teachers College offers to advanced students professional and scientific training in: (1) social and philosophical foundations of education, and psychological foundations and educational research; (2) the organization and administration of education at every level of the school system and in all types of institutions; (3) guidance, student personnel administration, vocational guidance and occupational adjustment, psychological services, and guidance in childhood education; (4) curriculum and principles of teaching at all levels of the school system and in all types of institutions, and in methods of teaching and supervision in social science, natural sciences, mathematics, English, speech, foreign languages, general arts (fine and industrial arts, music, and music education), home economics, business education, health and physical education, and education of the exceptional; (5) nursing education; and (6) interdivisional programs in community service, group work, communication and communication arts, coöperative extension service, and recreation. Teachers College courses lead to the degrees of Master of Arts and Master of Science, to Teachers College professional diplomas in teaching, supervision, and administration and, through the Advanced School of Education, to the degrees of Doctor of Education and Doctor of Philosophy. They may also be credited toward the degree of Bachelor of Science in certain fields and may be counted as minor subjects toward advanced degrees by students primarily registered in some other part of the University. For detailed information see the Announcement of Teachers College, obtainable from the General Information Office of Teachers College.

The Advanced School of Education fixes the requirements for admission, the program of studies, and conditions of graduation of candidates for the degree of Doctor of Education and, in coöperation with the Graduate Faculties of the University, administers in Teachers College the requirements for the degree of Doctor of Philosophy. The Advanced School of Education provides facilities and guidance for students interested in pursuing professional work beyond the Doctor's degree. For detailed information see the Announcement of Teachers College and the Bulletin of the Advanced School of Education, which may be obtained from the General Information Office of Teachers College.

Horace Mann-Lincoln School and *Horace Mann School for Boys,* maintained by Teachers College, with a complete organization covering the work of the kindergarten, elementary school, and junior and senior high school, offer exceptional advantages for the study of the practical work of teaching and for the investigation of educational problems.

The Institute of Educational Research was established in 1921 to promote the scientific study of education in coöperation with the several departments of the College and with other institutions interested in investigation and research. It is now organized in three divisions:

the Division of Psychology, the Division of Field Studies, and the Division of Structure and Organization. The staff of the Institute is drawn from available experts wherever they may be found, and assignments are made for limited periods on specific undertakings.

The Horace Mann-Lincoln Institute of School Experimentation was organized for the conduct of experimental studies in the programs of childhood and youth education. The former Lincoln Institute of School Experimentation was activated in 1943 under this new title.

SCHOOL OF ARCHITECTURE

FACULTY

President BUTLER.

Dean ARNAUD.

Professors ALLEN, DINSMOOR, FINDLAY, HAYES (W. H.), MECHAU,[1] SMITH (K. A.) *(Secretary)*, WARNER.[2]

Delegates to the University Council (see page 13).

Historical. The School of Architecture is a professional school for men and women, with a teaching staff and equipment adequate for an enrollment of about 150 students. Work in architecture was begun at Columbia University in 1881. The School of Architecture was established under the Faculty of Applied Science in 1896. In 1906 it was combined with the Department of Music in the Faculty of Fine Arts. In 1914 it was made a separate school under an Administrative Board, and in 1931 it was given an independent Faculty.

General Statement. The School of Architecture receives two classes of students: (1) Candidates for the degree of Bachelor of Architecture, who must give evidence of having completed one year of academic study in a recognized college. The curriculum offered to such students is of indeterminate duration but may generally be covered in four years. (2) Candidates for the degree of Master of Science in architecture, who must be graduates of this School of Architecture or of a school of architecture maintaining equivalent courses. Such students are required to spend not less than one academic year upon work assigned by the Faculty of Architecture. The School also receives candidates for the degree of Master of Science in planning and housing, who must be graduates in architecture, landscape architecture, or civil engineering. The course is of one or two years' duration, depending on the candidate's previous training and experience.

During the academic years 1942–1943 and 1943–1944, the School of Architecture adopted an accelerated schedule of three fifteen weeks' sessions in the calendar year. This schedule was accepted as a necessary war measure, yet the Staff fully realized its disadvantages, and voted to return to the normal two-session year at the first opportunity.

Building and Equipment. The School of Architecture occupies four floors in Avery Hall. This building was completed in 1912 as a memorial to the late Samuel P. Avery and to his son, the late Henry O. Avery, to accommodate the Avery architectural library and the School of Architecture. The provision of rooms for lectures, exhibitions, drawing, drafting, and study is ample, and the drafting rooms are well lighted and convenient.

The Avery architectural library, consisting of about 45,000 volumes relating to architecture and allied arts, occupies the ground floor of the building. It is open to the public Monday through Friday from 9 a.m. to 10 p.m.; Saturdays, 9 a.m. to 6 p.m.; and Sundays, 2 to 6 p.m., except between sessions. Frequent exhibitions enhance its value both for instruction and for inspiration. The Avery library is supplemented by the fine arts library of about 16,000 volumes in Schermerhorn Hall. The material of both libraries is available for the purposes of study and illustration in the School, and students are freely admitted to their alcoves, without restriction upon the use of books and documents, for drawing, tracing, and photographing.

In addition, the School has the advantage of its own departmental library, the Ware Memorial Library, containing a collection of about 18,000 photographs and several hundred books, a classified library of many thousands of prints and plates, chiefly from current periodicals in the field of architecture, and a number of original drawings. A collection of about 22,000 lantern slides is in daily use for illustrating lectures on the history and theory of archi-

tecture, painting, sculpture, ornament and the allied arts, town planning, and construction. The School also possesses valuable models of parts of the Parthenon and of Rheims Cathedral. The illustrative material on construction and architectural engineering is extensive, comprising a variety of building materials and appliances and a number of specially prepared structural models.

Periodic exhibitions of both student and graduate work are held by the School of Architecture. The current work of students in residence is hung in the exhibition room and corridors of Avery Hall, and general exhibitions covering the work of all departments in all classes are held annually on Alumni Day (February 12) and during Commencement week.

"Nevis." "Nevis," an estate of approximately sixty-seven acres, the gift of Mrs. T. Coleman du Pont, of Wilmington, Delaware, is located at Irvington-on-Hudson, about sixteen miles north of New York City. Classes in landscape architecture, general horticulture, and botany meet at "Nevis," and special lectures are arranged from time to time. The Institute of Horticulture, under the auspices of the University, is conducted at "Nevis" in the summer, in the Hamilton Arboretum and Gardens.

General Regulations. Students are admitted subject to the disciplinary powers of the University authorities. Every candidate must present a certificate of good moral character, and students from other institutions must bring certificates of honorable dismissal. No candidate under eighteen years of age is admitted, except by special action of the Director of University Admissions.

In general, all courses in the School of Architecture begin in September and run through the year, although the Winter and Spring Sessions are separately rated. It is therefore difficult to make arrangements for students who wish to enter in February.

Admission to Candidacy for the Degree of Bachelor of Architecture. The basic professional course offered by the School of Architecture is of four years' duration. In order to qualify for admission to that course a student must have completed at least one year (thirty credits) in a college recognized by Columbia University. The year's work must have included full-year courses in a foreign language (preferably French or German), English, mathematics, and economics, or history, or government, or sociology.

Students may complete their required preliminary year of college work in Barnard College (for women) or Columbia College (for men). Such students may, by following a seven-year course combining three years in college and four in the School of Architecture, qualify for the Bachelor of Arts degree as well as the degree of Bachelor of Architecture.

Admission to Candidacy for the Degree of Bachelor of Architecture with Advanced Standing. Students desiring to enter the School of Architecture with credit for courses pursued in other institutions must make application in writing to the Director of University Admissions in time to reach him one month before the beginning of registration. Each application must be accompanied by:

1. A catalogue of the institution previously attended with the subjects marked in which credit is desired. (It is preferable to have official transcripts sent to the Director of University Admissions by the candidate's college.)

2. Properly certified official statements of standing in the subjects offered for credit. In the case of design and freehand drawing, actual examples of the candidate's work must be submitted.

3. Evidence vouching for the candidate's character and honorable dismissal from the institution from which he comes.

Exemptions will be allowed in so far as the work completed elsewhere is equivalent to work offered by the School of Architecture. Courses used to meet the entrance requirements may not also be used as a basis of exemption.

Admission of Graduate Students. Graduates of this School and of other schools of architecture maintaining equivalent undergraduate curricula are admitted to the courses listed in Groups II and III (see pages 32 to 36 of the Announcement of the School of Architecture), whether they are candidates for the higher degrees or not.

Holders of the degrees of Mechanical Engineer, Civil Engineer, or other engineering degrees are admitted to graduate as well as to undergraduate courses in architecture, as qualified. Such students are not accepted as candidates for a higher degree with primary interest in architecture.

Holders of recognized degrees in architecture, landscape architecture, or civil engineering may register as candidates for the degree of Master of Science in planning and housing.

The degree of Master of Science in architecture is awarded as a graduate professional degree. Graduates of approved schools of architecture may, upon recommendation of the Committee on Instruction, be admitted as candidates for this degree.

Candidates for the degree of Master of Arts or Doctor of Philosophy may elect graduate work in architecture as their primary interest.

Fees. For a summary of fees see the Announcement of the School of Architecture.

Examinations. Regular examinations in each course are held at the end of each half year. All other examinations, except examinations for admission to advanced standing, are special examinations, for which the statutory fee of $3.00 is charged (see page 190). For the dates of the various examinations see the Academic Calendar. Absence from any regular or delinquent examination for which a student is registered is regarded as a failure. A student who fails to attend any midyear examination will be excluded from the second term in that subject, except for reasons of weight. Those for whom exceptions are made will be required to take the corresponding deficiency examinations during the stated September deficiency examination period.

Students who do not pass or who are debarred from a regular midyear or final examination must remove such deficiency at the September delinquent examinations, failing which they must repeat the course concerned. Students will be debarred from examinations for excessive absence from lectures or failure to complete collateral work. They may for the same reasons be excluded from any course at the middle of any term.

Fellowships and Scholarships. For information concerning fellowships, scholarships, and prizes and medals see the Announcement of the School of Architecture.

Historical. The College of Pharmacy of the City of New York, founded in 1829, chartered in 1831, and recognized in 1879 by the Regents as part of the University of the State of New York, became a member of the educational system of Columbia University in 1904. The President of the University is *ex officio* President of the College of Pharmacy, and the College is represented in the University Council by its Dean, who is appointed by the Trustees of the College of Pharmacy on the nomination of the President, and by one elected member of the Faculty. The College, however, maintains its separate corporate organization, and its Trustees continue to provide for its financial support. The College of Pharmacy is thus the professional school of Columbia University for Bachelors of Science and Masters of Science in pharmacy as well as a valuable addition to the University's resources for teaching and research in botany, chemistry, pharmacy, and materia medica.

The College is situated at 113–119 West 68th Street, near Broadway, in an especially well-equipped building erected in 1894. A second building, erected in 1923, greatly added to the teaching facilities of the School.

Admission. Graduation from a secondary school course approved by the New York State Education Department as meeting the requirements for the pharmacy student qualifying certificate. It is desirable that this preparation include English (4 units); algebra (2 units); plane geometry (1 unit); foreign language (3 units); history (1 unit); and electives to total 16 units.

Admission to Advanced Standing. A candidate for admission to advanced standing must present an official transcript of his record and a certificate of honorable dismissal together with a marked catalogue of the institution previously attended. Advanced standing may be granted for previous study in nonpharmaceutical colleges, but a time credit exceeding one year is not permitted.

Courses Offered. An undergraduate course of four academic years leading to the degree of Bachelor of Science conferred by Columbia University; a graduate program of not less than one academic year leading to the degree of Master of Science conferred by Columbia University; and a program leading to a certificate in laboratory technology under the University Council.

Nondegree courses in bacteriology, urine analysis, blood analysis, food analysis, histology, parasitology, perfumery, and cosmetics are offered in late afternoon and evening sessions to properly qualified students under the jurisdiction of University Extension.

Programs of Study. The undergraduate course leading to the degree of Bachelor of Science in pharmacy includes the following studies. First year: contemporary civilization, English,

general chemistry, mathematics, pharmacy orientation, introductory pharmacy, and pharmaceutical calculations. Second year: German, qualitative and quantitative analysis, physics, zoölogy, botany, pharmaceutical Latin, dispensing pharmacy. Third year: organic chemistry, physiology, first aid, pharmacognosy, pharmaceutical economics, pharmaceutical preparations, plant histology. Fourth year: bacteriology, materia medica, toxicology and posology, pharmaceutical analysis, pharmacy survey, pharmaceutical jurisprudence and dispensing pharmacy.

Library. The library of the College of Pharmacy contains approximately 10,000 bound volumes and journals and many pamphlets. It is open to the general public as well as to the student body.

GRADUATE SCHOOL OF JOURNALISM

FACULTY

President Butler.

Dean Ackerman.

Professors Bernstein, Brucker,[1] Carroll *(Secretary)*, Chamberlain (J. R.),[1] Cross, Ellard, Garst, Haig, MacAlarney, Pannwitt,[1] Roper, Rudd,[2] Taylor,[2] Tobin,[1] Trapp, White.

Delegate to the University Council (see page 13).

Advisory Board, see page 29.

Historical. The Graduate School of Journalism, founded in 1912 through the gift of the late Joseph Pulitzer, offers courses in letters, science, and practical journalism leading to the degree of Master of Science in journalism.

Under the direction of an Administrative Board, instruction on a regular undergraduate four-year basis leading to a degree of Bachelor of Literature was first offered in 1912. In 1917 the entrance requirement was raised to two years of college work with the subsequent two years qualifying the student for the above professional degree. In 1932 the Faculty of Journalism succeeded the Administrative Board, and plans were developed for a graduate school. During the transition period a Bachelor of Science degree was awarded to students who completed three years of college work and two years of professional study in the School. Since 1935 a baccalaureate degree has been recommended for entrance, and after the completion of a one-year course the degree of Master of Science has been awarded. From the beginning, a few selected students with professional experience have been admitted without academic requirements leading to a degree.

General Statement. The aim of the School is to train for and attract to the journalistic profession young men and women of character and ability and to help those already engaged in the profession to acquire the highest professional and intellectual training in order "to make better journalists, who will make better newspapers, which will better serve the public."

The School of Journalism building is on the southeast corner of Broadway and West 116th Street. The entrance, on the south, opens into a spacious vestibule, in which are placed medallions of journalists and busts of the late Joseph Pulitzer and of Dr. Talcott Williams, first Director of the School of Journalism. The library, newspaper clipping bureau, and news room are on the next floor; on the upper floors are the administrative offices, private offices of professors, small lecture rooms, classrooms, seminar rooms, and the Press Club room.

Admission. Applicants for admission must have received a baccalaureate degree from an educational institution approved by the Director of University Admissions. The applicant must have completed courses totaling at least 96 points (semester credits) in liberal arts and sciences as determined by the Director of University Admissions after examination of the applicant's records. Candidates for admission should fill out the appropriate application blank, to be obtained from the Secretary of the University, and file it with the Director of University Admissions as early as possible in the calendar year in which the student wishes to attend. For details see the Announcement of the Graduate School of Journalism.

Typewriting. No student unable to typewrite is admitted.

Registration and Fees. See Index.

Program of Study. Those interested in the program of study required for the Master of Science degree should consult the Announcement of the Graduate School of Journalism.

Scholarships. For information concerning scholarships and prizes see the Announcement of the Graduate School of Journalism.

SCHOOL OF BUSINESS

FACULTY

President Butler.

Dean Calkins.

Professors Alexander (R. S.), Beckhart, Blanchard, Bonbright, Brink, Brissenden, Byrnes, Buchanan,[1] Chapman, Dean,[2] Dodd (*Secretary*[2]), Dohr, Eastwood, Egbert,[1] Elvinger, Ginzberg, Haig, Inghram, Kester, McCrea (R. C.),[1] Mills, Nixon, Nystrom, Orchard, Otte, Robey, Shoup (*Secretary*[1]), Smith,[1] Stockder, Van Metre.

Delegate to the University Council (see page 13).

General Statement. The School of Business, organized in 1916, offers a complete professional course in business to properly qualified students. It is the aim of the course to afford a sound knowledge of fundamental business facts and principles in addition to such practical training in business methods as a school can furnish. The courses are designed especially for the college student who, at the close of his sophomore year, desires to secure a more thorough and exact knowledge of the principles, organization, and methods of the commercial, industrial, and financial world than is furnished in other departments of the University, and for those persons already engaged in business who desire to obtain deeper insight into the problems of their respective vocations as well as a broader knowledge of allied fields of business activity. A special object, also, is to lay a thorough foundation for the state examination for the certificate of certified public accountant.

Curriculum. The curriculum consists of a two-year series of courses based upon two years of collegiate study leading to the degree of Bachelor of Science, with an additional year leading to the degree of Master of Science, and with further years of study leading to the degree of Doctor of Philosophy.

Bachelor of Science Degree. The work required for this degree consists of two years of college work pursued in an acceptable institution, followed by a program of sixty points in the School of Business, which will ordinarily involve two years of study and is met by completing certain prescribed courses, including first year accounting, banking and business, corporation finance, business law, statistics, economic geography, and electives to total the sixty points required for the degree. Students may choose electives from the fields of accounting, advertising, banking, finance, foreign trade and consular service, insurance, labor administration, management, merchandising, statistics, transportation, and secretarial training. Students interested in the special three-year program in professional accountancy should be prepared to offer three years of work in the liberal arts for admission to the School of Business. Every candidate for the degree of Bachelor of Science in the School of Business is required to complete a minimum of thirty-six points (of the total of sixty) in regular School of Business courses and must have at least a year of residence in the School of Business to become a candidate for the degree. In satisfaction of the residence requirement a minimum of twelve points for two terms must be completed in regular School of Business courses.

Master of Science Degree. Provision is made for two groups of students who are candidates for the Master's degree: those who, by reason of their training previous to admission to the School of Business, must fulfill a residence of one year (thirty points) for the degree of Master of Science; and those who, also by reason of previous training, are placed on the two-year residence (sixty points) basis for the Master's degree.

1. Candidates on the Thirty-point Basis. Students must have completed a four-year course leading to a Bachelor's degree in an acceptable college or university. In the apportioning of subjects of study in this four-year undergraduate course at least one-half of such subjects (reckoned on a point basis) should have been academic and at least one-fourth equivalent

[1] To June 30, 1944.
[2] From July 1, 1944.

to those subjects offered in the School of Business for the degree of Bachelor of Science, including particularly the first year foundation courses. Students offering this preparation may receive the degree of Master of Science after the completion of thirty points, i.e., one year of study, in the School of Business. Such students may elect their entire program. Courses numbered over *100* indicate graduate credit, and candidates for graduate degrees should elect only courses so numbered.

2. *Candidates on the Sixty-point Basis.* Students must hold a degree from an acceptable college or university, indicating the completion of a full college course such as is generally required for the degree of Bachelor of Arts. Students who are candidates for the Master's degree who have not had fundamental courses in business, such as accounting, banking, finance, statistics, and marketing, will ordinarily be required to complete sixty points of work, including the fundamental business courses and electives to total sixty points including a minimum of thirty points in graduate courses. This normally represents a residence of two years.

All candidates for the Master's degree must pass a comprehensive oral examination covering the subjects of graduate study, to be given by a committee of the teaching staff. Candidates are also required to prepare a satisfactory essay under the direction of a designated officer of the teaching staff, the subject to be approved at the beginning of the candidate's residence. The essay shall present the results of original investigation.

Doctor of Philosophy. By action of the University Council, students registered primarily in the School of Business may become candidates for the degree of Doctor of Philosophy under the general regulations for that degree which apply in the Graduate Faculties, subject to the approval of the Joint Committee on Graduate Instruction. Candidates for this degree are expected to have had at least three years of previous study in business subjects in an acceptable institution, at least one year of which should have been in graduate work. Properly qualified candidates are required to complete a minimum of thirty points of graduate residence work, including courses in statistics, economic theory, and economic history, in addition to courses in three fields of the student's own choice.

Special and Nonmatriculated Students. Provision is also made for special and for nonmatriculated students. For details concerning these groups, as well as for details concerning admission and requirements for candidates for the various degrees in the School, see the Announcement of the School of Business.

Preparation for Teaching. Students in the School of Business who are interested in preparing to teach commercial subjects in secondary and special schools should consult Dean CALKINS regarding the program of studies. The program for such students will include courses in business and courses in education selected from the offering of Teachers College. For details, students are referred to the Announcements of Teachers College and the School of Business.

Candidacy for Degrees. Students intending to apply for degrees must, on or before the dates indicated in the Academic Calendar, pay the required fee and file with the Registrar the application for graduation.

Advanced Standing. Students who apply for admission to advanced standing upon the basis of certificates of transfer from other colleges should fill out the appropriate application blank, to be obtained from the Secretary of the University, and file it with the Office of University Admissions before August 1 or January 1. Each candidate, whether he has a degree or not, must also present an official transcript of his academic record and a certificate of honorable dismissal together with a marked catalogue of the institution that he leaves, showing the courses he has there pursued, with grades received in each. In no case will the number of advanced credits granted toward the undergraduate degree in business subjects exceed twenty-four points.[1]

[1] In the discretion of the Dean of the School of Business this rule may be waived, to a maximum of six points, in the cases of those students admitted to the School of Business with entrance deficiencies in academic subjects.

Scholarships. A number of scholarships are available in the School of Business. All scholarships are intended to be academic honors, and no student may hold more than one scholarship. Unless otherwise indicated, application for award must be made on or before March 1, on blanks furnished by the Secretary of the University or by the office of the Dean of the School of Business. Failure to maintain a grade of at least C in all courses taken, or serious academic censure for any cause, will operate to vacate the scholarship before the beginning of the next session. Vacancies may be filled and partial scholarship grants made at the discretion of the Committee on Awards.

SCHOOL OF DENTAL AND ORAL SURGERY

FACULTY

President Butler.
Dean Rappleye.
Associate Dean Holliday *(Secretary)*.

Professors Bodecker, Clarke (H. T.), Detwiler, Dochez,[2] Dunning (H. S.), Gregersen, Hartman, Hoyt, Hughes,[1] Jobling, Leonard, Lieb,[1] van Dyke,[2] Waugh.

For the Term Expiring June 30, 1945: Professors Barber, Dunning (W. B.), McBeath.
For the Term Expiring June 30, 1946: Professors Cahn, Diamond, McLaughlin.
For the Term Expiring June 30, 1947: Professors Karshan, Oman, Ziskin.
Delegate to the University Council (see page 13).

Historical. In September, 1916, students in dentistry were admitted to courses in Columbia University at the School of Medicine. On March 5, 1917, the Trustees of the University established a School of Dentistry as of September 27, 1916, and from that date the School became an integral part of the University. On March 1, 1920, the dental building adjacent to the School of Medicine and Vanderbilt Clinic was finished and assigned to the use of this school. On July 1, 1923, the College of Dental and Oral Surgery of New York (organized in 1905) was merged with the School of Dentistry, and the combined institutions named the School of Dental and Oral Surgery of Columbia University. By this merger the buildings of the College of Dental and Oral Surgery of New York at 302 East 35th Street were acquired by the University and served to house the School until September, 1928, when the School was moved to its permanent quarters in the Columbia University-Presbyterian Hospital Medical Center at 630 West 168th Street.

The School is furnished with modern dental apparatus and is well equipped for undergraduate teaching in dentistry and dental hygiene, for advanced courses for dentists, and for research work. The clinic of the School serves as the dental department of the Medical Center. There is the closest possible connection between the dental department and clinic and the medical departments and clinics of the College of Physicians and Surgeons and the Medical Center in the interests of good teaching, research, and service to the patients.

General Statement. It is the purpose of the School of Dental and Oral Surgery to combine in the highest degree practicable a sound knowledge of the fundamental biological sciences with adequate training in the technical procedures of dental science and art. Three years of college work, including certain specified subjects, are required for admission, and the course in dentistry covers four years. On the satisfactory completion of the four years of the dental curriculum the student may be a candidate for the degree of Doctor of Dental Surgery. Students in Columbia College and Barnard College who elect the combined courses also (see page 204) will receive the degree of Bachelor of Arts.

The students of the School may live in the University Residence Halls at Morningside Heights and are eligible to membership in the various social and other organizations of the student body.

Application. Address all communications to the School of Dental and Oral Surgery, 630 West 168th Street, New York 32, N. Y.

Admission. The requirement for admission to the School of Dental and Oral Surgery is attendance for three full years at an acceptable college of arts and sciences, which must include successful completion of the courses required by the New York State Board of Regents as follows: six hours of English composition and literature, six hours of physics, six hours of biology, and twelve hours of chemistry to include an improved course in organic chemistry.

[1] To June 30, 1944.
[2] From July 1, 1944.

At the request of Government agencies, the entrance requirement has been reduced to two years for this period.

The courses in physics, chemistry, and biology which are required for admission are represented by the following courses in Columbia College:

1. Elementary physics, including laboratory work, *Physics A1–A2*. At least three lectures and two hours' laboratory work a week for one year.

2. General inorganic chemistry, including laboratory work, *Chemistry 3–4* or *6–7*, organic chemistry, and quantitative analysis. At least two lectures and six hours' laboratory work a week for one year.

3. Biology, including laboratory work, *Zoölogy 1–2*. At least two lectures and four hours' laboratory work a week for one year.

Upon receiving ninety-four points in Columbia College, which is usually possible in three years, a student may take studies in the School of Dental and Oral Surgery, provided he can satisfy the stated requirements for admission thereto, and may receive the degree of Doctor of Dental Surgery on the recommendation of that school upon the satisfactory completion of four years of professional study. Students who take their preliminary education in other colleges than Columbia must also elect as part of their course, physics, inorganic chemistry, organic chemistry, and general biology

Because a limited number of applicants may be accepted, all who are eligible are requested to report at the Dean's office for a personal interview and an examination as to special fitness. The results of the interview and examination, together with the applicant's entire predental record, are carefully considered by the Committee on Admissions in order to select those who are adjudged most capable of meeting the exacting demands of the course and the profession of dentistry.

Combined Courses. Attention of students who propose to enter the School of Dental and Oral Surgery is called to the program of studies in Columbia College which offers an opportunity to the prospective dental student to take both a collegiate and a dental degree in seven years. Upon receiving ninety-four points from Columbia College, sixty-four of which must be for work done in residence and must include all the work prescribed for the degree of Bachelor of Arts, a student may in his fourth year take studies in the School of Dental and Oral Surgery and receive the degree of Bachelor of Arts from Columbia College upon the satisfactory completion of the year's work. At the end of three additional years in the School of Dental and Oral Surgery the degree of Doctor of Dental Surgery may be conferred. Students desiring to take this combination of courses should address the Secretary of Columbia University for more complete information. Students from Barnard College may exercise the professional option after the completion of 90 points of academic work, including all grouped work and a major of 28 points unless this number is reduced in individual cases by special permission of the Committee on Instruction of Barnard College.

It is usually possible for a graduate of a registered medical school with the degree of Doctor of Medicine to meet the requirements of the School and receive the degree of Doctor of Dental Surgery by the satisfactory completion of a special two-year course.

Summer Courses. In accordance with the accelerated plan to graduate candidates for the degree of Doctor of Dental Surgery in three calendar years during the period of the national emergency, regular classes have remained in session during the summer period.

Requirements for Graduation. In addition to complying with the requirements for admission and to completing the required work of the curriculum, each candidate for the degree of Doctor of Dental Surgery must present satisfactory evidence, as required by law, of good moral character and of having attained the age of twenty-one years.

Courses for Dental Hygienists. These courses, offered by the School of Dental and Oral Surgery, are intended for women who desire to become licensed dental hygienists. The requirements for admission are the qualifying certificate obtained from the Department of Education of the State of New York at Albany, New York, the completion of at least four years of high school work, and the attainment of at least eighteen years of age. Full informa-

tion may be obtained by addressing Mrs. FRANCES A. STOLL, at 600 West 168th Street, New York 32, N. Y.

Public Health for Dentists. A one-year course leading to a Master of Science degree in public health for dentists is offered. The course is open to graduate dentists who have completed satisfactory courses in the fundamental sciences and who hold a Bachelor of Science or Bachelor of Arts degree. For information regarding course content, registration, and fees, apply to the DeLamar Institute of Public Health, 630 West 168th Street, New York 32, N. Y.

Postgraduate Instruction. It is usually possible for each division of the School to accommodate two or three dentists who desire to come to the School for study and clinical practice under the regular teaching staff. The School is authorized to grant a certificate of proficiency in dentistry, or in a special branch of dentistry selected by the candidate and approved by the Faculty of the School of Dental and Oral Surgery, to graduates satisfactorily completing not less than a year's special work in the clinical branches of dentistry. For further information see the Announcement of the School of Dental and Oral Surgery.

SCHOOL OF LIBRARY SERVICE

FACULTY

President Butler.
Dean White.
Associate Dean Reece.[1]

Professors Angell, Bryan, Cleavinger, Curtiss, Frick, Grieder, Hutchins, Lehmann-Haupt, Reece, Rhodes *(Secretary)*, Tompkins.

Delegate to the University Council (see page 13).

Historical. The School of Library Service, established in 1926, includes the New York State Library School and the Library School of the New York Public Library, which were merged with it at that time. An annual grant was made by the Carnegie Corporation of New York for the support of the School.

The purpose of the School is to "furnish technical and professional instruction in bibliography, the production, distribution and use of books, library methods, and the organization and administration of libraries and book collections of various types."

Buildings and Equipment. The School occupies the fifth and sixth floors of South Hall, which houses the main collection of the University Libraries. On these stories it has classrooms, laboratories, a special library, administrative offices, a social room, and locker facilities.

Requirements for Admission. 1. Candidates for the degree of Bachelor of Science must have an acceptable Bachelor's degree in liberal arts from an approved college or university. In addition, they must be at least twenty-one years of age at entrance and not over thirty-five, unless they have been continuously engaged in library work or some similar intellectual pursuits, and they must be able to show evidence of fitness for library work.

2. Candidates for the degree of Master of Science must offer an acceptable Bachelor's degree in liberal arts from an approved college or university; the successful completion of a one-year course in an accredited library school; at least one year's professional experience in an approved library in the field of the major subject; and evidence of fitness to pursue advanced graduate work.

3. Candidates for the certificate must offer a minimum of two years of acceptable work in liberal arts completed in an approved college or university as evidenced by a transcript of the college record. They must satisfy the Dean of the School that they possess the requisite personal qualifications for library work. Considerable experience or present employment in an approved library is ordinarily prerequisite for admission.

Admission to Advanced Standing. Candidates for a degree or for the certificate who have already completed satisfactorily in an accredited library school courses equivalent to those prescribed in the School of Library Service will be given provisional credit for such courses and permitted, with the approval of the Dean, to substitute therefor other courses offered in the School, in one of the other professional schools, or in one of the Graduate Faculties of Political Science, Philosophy, and Pure Science. Candidates who have had courses or experience which may be considered as equivalent to those given in the School, but for which credit cannot be given, may be permitted by the Dean to take an advanced standing examination to be given during the week preceding the opening of the academic year.

Since a candidate for any degree is required to complete in residence not less than thirty points distributed over a period of not less than one academic year, admission to advanced standing does not operate to reduce the number of points or shorten the period of residence required for the degree.

Admission at Midyear. Candidates for the degree of Bachelor of Science will not be permitted to enter at the beginning of the Spring Session unless they present satisfactory evidence

[1] From July 1, 1944.

that they have had courses equivalent to those prescribed for the Winter Session. Candidates for the degree of Master of Science will ordinarily not be allowed to register in the Spring Session for any major course, or other course extending throughout the year, unless they have had the first half as given in the Winter Session.

Application for Admission. Every applicant for admission to any course in library service or book arts must file an application on a blank to be furnished by the Secretary of the University. A candidate for a degree or a certificate must also have an official transcript of the detailed college record sent to the Director of University Admissions. Applications received after June 1 for the Summer Session or September 1 for the Winter Session may fail to receive consideration.

College Course Preparatory to Library Service. The best preparation for library service includes a rather wide range of subjects, and no part of the college course is to be considered prevocational in the narrower sense. Foreign languages, literature, history, economics, sociology, psychology, and the natural sciences are important. A good reading knowledge of French and German is essential. Other modern languages are useful, and some knowledge of Latin is highly desirable. For service in specialized libraries, such as law and engineering, a student should have a thorough preliminary training in the subjects involved.

Registration, Fees, and Loan Funds. See Index.

Curriculum. The curriculum consists of two years of graduate study, the first year leading to the degree of Bachelor of Science, and the second to the degree of Master of Science. A one-year course of study leading to a certificate is open to undergraduates and other qualified persons.

1. *Bachelor of Science.* The first year, leading to the Bachelor of Science degree, offers a general course of study in library methods and technique, and such acquaintance with bibliographical works, methods of research, the organization and administration of libraries, and the place and objectives of libraries as will fit the student for service in public, college or university, special and elementary school, and junior and senior high school libraries. Those intersted in the specific programs of study should consult the Announcement of the School of Library Service.

2. *Master of Science.* The second year, leading to the Master of Science degree, affords an opportunity for specialization in the more important fields of library service. Each student selects one field in which to specialize, the field chosen bearing some obvious relation to his previous training and experience. For this purpose eight types of library service are recognized: (1) bibliography and reference; (2) cataloguing and classification; (3) public library administration (including studies in reading problems and adult education); (4) college and university library administration; (5) school libraries; (6) library work with children; (7) library school teaching; and (8) the book arts and industries and the history of the book. In addition to his major course, each student is required to include in his program a colloquium and a course in research techniques, and to present an essay acceptable to an Essay Committee. The rest of his program of fifteen points each session will ordinarily be made up of other courses offered in the School, although he may be permitted to elect from the other graduate offerings in any department of the University, up to a total of seven points each session. For the complete program of studies for the second year consult the Announcement of the School of Library Service.

3. *Certificate.* The one-year course leading to a certificate is planned to meet the needs of persons actively engaged in library work who are unable to leave their posts for a year of full-time study, as well as of those who do not have an acceptable college degree and therefore cannot qualify for admission to the graduate course. This course is accepted by the New York State Education Department toward meeting the requirements for certification of school librarians and professional workers in public libraries.

Summer Session. The School of Library Service offers in the Summer Session most of its courses leading to the Bachelor of Science and Master of Science degrees and the certificate, as well as special courses for school librarians and others.

Evening Classes. A few courses in library service are offered in the late afternoon and evening, some of them in University Extension. With approval, certain of these courses may be credited toward degrees and the certificate.

Degrees. The regulations governing the granting of degrees and the certificates are as follows:

1. *Bachelor of Science.* For this degree the satisfactory completion of courses aggregating thirty points, distributed over a period of not less than one academic year or its equivalent, will be required and, in addition, the passing of comprehensive examinations in the five prescribed subjects and two major electives.

2. *Master of Science.* For this degree the satisfactory completion of courses aggregating thirty points, distributed over a period of not less than one academic year or its equivalent, and the presentation of an essay acceptable to an Essay Committee will be required.

3. *Certificate.* For the certificate, the satisfactory completion of thirty points will be required. In addition, the candidate must pass comprehensive written examinations in five prescribed subjects and two major electives.

For the degree of Doctor of Philosophy students in the School of Library Service must conform to the general regulations for that degree (see Index).

Scholarships and Fellowships. For information concerning scholarships and fellowships see the Announcement of the School of Library Service.

Other conditions. For further information concerning the School see the Announcement of the School of Library Service. Special folders concerning library service courses in University Extension are also available. All Announcements may be secured from the Secretary of the University.

BARD COLLEGE[1]

FACULTY

President Butler.
Dean Gray.
Professors Emeritus Harry, Upton.
Professors Artinian, Edwards, Fuller, Garrett, Harris, Hirsch (F. E.), Hirsch (S.), Morrison, Obreshkove, Qualey, Schwartz, Smith, Sottery, Sturmthal.
Associates Frauenfelder (*Secretary*), Genzmer.
Instructors Asip, Bierstedt, Brand, Chamberlain, Cramer, Fite, Mann, Modigliani.

Historical. This college was founded as St. Stephen's College in 1860. For over eighty years it has functioned continuously as an undergraduate college of arts and sciences. In 1928 it was incorporated within the educational system of Columbia University as one of its residential colleges for men. By vote of the Trustees in 1934, and upon the adoption of a new educational program, the name of the institution was changed to Bard College, in honor of the principal founder, John Bard. This change was confirmed by the Regents of the State of New York on March 15, 1935.

Admission. The admission requirements of Bard College are equivalent to those of the other undergraduate colleges of the University. Applications for admission should, however, be sent to the office of the Registrar, Bard College, Annandale-on-Hudson, New York.

Graduation from an approved secondary school or its equivalent is a required minimum for admission as a candidate for the degree of Bachelor of Arts. In accordance with state regulations fifteen units of secondary school work must be presented in order to obtain regular freshman standing. Applicants who lack one or two entrance units may be admitted with the understanding that they must remove the entrance deficiency before promotion to the Upper College. No requirements, however, as to the distribution of those units are made. Provided that the student's record shows some positive abilities and gives promise of successful work at Bard College, deficiencies in some of the usual entrance subjects will not bar him from admission. Emphasis will be placed upon what the student *can* do, and not on what he *cannot*. In estimating his probable success in college, use will be made of the school records, College Entrance Board and Regents' examinations, recommendations of secondary school officials and teachers, personal interviews, and objective tests given at the College. Those qualities of character and personality which will make the student a good citizen in the Bard community are also considered. Weight is also given to the evidence of worth-while activities carried on by the student on his own responsibility outside the curriculum. All the evidence gathered during the admissions procedure will be used as the basis of the student's program of work in the College itself. For further particulars consult the Bulletin of Bard College.

Advanced Standing. Students from colleges of similar grade will be admitted without examinations to such classes as their previous records warrant. Students desiring to be admitted by transfer must submit a certificate of honorable dismissal from the institution which they have been attending.

Fees. A single fee of $1,500 is charged covering board, room, and tuition. This includes all special lectures, concerts, and the usual laboratory and studio expenses in connection with scheduled courses in the sciences, art, music, and drama. For those particularly well qualified to profit from work at Bard but unable to meet the inclusive fee in full, provision has been made for assistance through part-time employment, loans from the Students' Loan Fund, and grants-in-aid. A limited number of day students whose families are resident in communities near by will be accepted each year on a special fee basis.

[1] The affiliation between Bard College and Columbia University was terminated May 3, 1944.

Requirements for the Degree. Bard College is subject to the requirements of Columbia University for the degree of Bachelor of Arts. Each student, therefore, must have passed enough courses to satisfy the requirements of 124 credit hours. In addition to the number of courses, the College may insist upon the fulfillment of special requirements, such as the senior project described below. The curriculum is individually prescribed under the general regulation that each student shall choose a major field of concentration.

At the middle point of his college course the student is asked to meet an intermediate challenge in the sophomore review. The purpose of the review is to survey the student's achievements in his first two years and to help him to plan his work for the last two years. The student's past accomplishments and future plans are evaluated in terms of his own objectives and the standards of the College. In addition to providing adequate counsel for the student in regard to his educational and vocational objectives, the review is designed to place the responsibility as fully as possible upon the student for his development.

In his last year the student is given an opportunity to undertake a senior project, demonstrating his power to plan and execute significant work independently. The project is regarded as an important test of the student's attainments and, in a sense, the culmination of his four years of college. In the choice, planning, and conduct of his project, the student has the advice of the Faculty of his major division, but so far as possible he is encouraged to assume the initiative and responsibility for the successful progress of his undertaking. In form the project has very wide possibilities. Usually it develops from the student's interest in his major field and extends to include one or more additional fields. The final written report of the student, together with such evidences as laboratory notes, paintings, musical compositions, or field reports which the student may present, will be evaluated by the divisional Faculty in terms of the expectations of the College for the project and for the degree.

Preparation for Professional Study. The curriculum of the College makes possible effective undergraduate preparation for the graduate schools or for professional schools in medicine, law, journalism, business administration, theology, or education. In general, no attempt is made to prepare students for such graduate or professional work in less than four years, although students of unusual ability and broad preparation may be permitted to take their senior year in an approved professional school.

UNION THEOLOGICAL SEMINARY

The relation between Columbia University and Union Theological Seminary is educational and not fiscal. Each institution has its own Board of Trustees and its own President. The President and two elected representatives of the Seminary Faculty have seats on the University Council and certain members of the Faculty of the Seminary sit on the University Graduate Faculties of Political Science and Philosophy.

Students from Union Theological Seminary, which requires for entrance graduation from a recognized college, are permitted to take work under the Graduate Faculties of the University and pay their fees to Columbia University, and students under the Graduate and professional Faculties of the University are admitted to courses in Union Theological Seminary and pay their fees to Union Theological Seminary. Undergraduates in Columbia College who have completed three years of work in a pre-theological program of studies may take the fourth year in Union Theological Seminary, and on the successful completion of that year they may receive the Bachelor of Arts degree from Columbia College.

On the recommendation of Union Theological Seminary, Columbia University confers the degree of Master of Arts on students who have, under the guidance of the Faculty of the Seminary, completed requirements for that degree in one of the three fields: the literature and religion of the Bible; the comparative study of Christianity and other religions; and Christian education.

Candidates for the degree of Master of Arts in the Graduate Faculties are permitted to offer toward the required year of residence, defined as thirty points, fifteen points taken in courses in Union Theological Seminary when approved by the Dean of the Graduate Faculties and the several departments involved. Work represented by these points may not be counted toward a degree in Union Theological Seminary. Candidates for the degree of Doctor of Philosophy in the Graduate Faculties of Columbia University may offer as one of the two required years of residence the Bachelor of Divinity degree from Union Theological Seminary, or the Master of Arts degree in the literature and religion of the Bible, in the comparative study of Christianity and other religions, or in Christian education. This provision does not apply to the degree of Master of Sacred Theology.

Seminary students working under the direction of the Department of Religious Education at the Seminary may become candidates for the degree of Doctor of Philosophy. Work toward this degree may include courses both in the Seminary and at Teachers College subject to the limitations above set forth. Members of both faculties share responsibility for the candidate's work upon his dissertation.

Students who wish to undertake advanced studies and research in the field of religion as candidates for the degree of Doctor of Philosophy will apply through the Dean of the Faculties of Political Science, Philosophy, and Pure Science to the Joint Committee on Graduate Instruction and, if accepted as prospective candidates for that degree, will work under the guidance of a special subcommittee composed of both University and Seminary professors.

Special regulations governing the work for the degrees indicated above are found in the Announcement of Union Theological Seminary and in the appropriate Announcements of Columbia University.

COMMITTEE ON ADMINISTRATION

Director RAPPLEYE (*Chairman*).
Associate Director LIPPARD.
Assistant Director RUSSELL.

Professors ANOPOL, BANDLER, BLAKESLEE, DANNREUTHER, DE SANCTIS, IRISH, LOUGH, MACKEE, MACNEAL, MEYER, NILSEN, RICHTER, RITTER, RUSSELL, WHITE, WRIGHT (I. S.).

Delegate to the University Council (see page 13).

Historical. On April 4, 1882, a meeting was held at the office of Dr. D. B. St. John Roosa, and steps were taken that led to the founding of the New York Post-Graduate Medical School and Hospital. The School was incorporated under the general law, and the introductory exercises, under Dr. Roosa as President, were held in Chickering Hall, November 4, 1882. The first lecture was given at the School on November 6, 1882. In 1884 a building was secured for the purpose of having a dispensary and hospital associated with the School. Wards were opened for men, women, and children, and an out-patient department was established. In 1886 the institution secured a special charter from the state, establishing a school "for the further instruction of persons already possessing the degree of doctor in medicine." On January 1, 1930, the Reconstruction Hospital at West 100th Street and Central Park West became a teaching and hospital unit of the Post-Graduate. On January 14, 1931, an agreement was signed, effective July 1, 1931, whereby the New York Post-Graduate Medical School received the status of a University school in the educational system of Columbia University through representation on the University Council.

Location and Equipment. The New York Post-Graduate Medical School began its activities in the College of Pharmacy building on East 23d Street. In 1884 a new building was secured at 226 East 20th Street, and in May, 1894, a six-story building at the corner of Second Avenue and 20th Street was occupied. On January 11, 1912, the Frederick C. Hewitt Building was added to the existing plant, and on January 22, 1925, the McKernon Building, which houses the office of the medical school, the library, and teaching clinics, was formally opened. From time to time, buildings contiguous to the Post-Graduate property have been purchased for the institution's work, until at the present time the School and Hospital occupy a group of buildings on the blocks bounded by Second Avenue, East 19th Street, East 20th Street, and East 21st Street.

Educational Policy. Under the auspices of Columbia University, the New York Post-Graduate Medical School is organized to provide opportunities for graduate physicians to improve their knowledge of and skill in the practice of medicine.

1. *Courses for the General Practitioner.* Full-time courses, lasting from one week to three months, are offered in the following subjects: dermatology and syphilology, gynecology, medicine, neurology and psychiatry, orthopedics, pediatrics, physical therapy, and trauma. Part-time courses are provided in bacteriology, dermatology and syphilology, gynecology, medicine, neurology and psychiatry, orthopedics, otolaryngology, and pathology. Extramural instruction is offered by several hospitals in Greater New York which have extended the privilege of teaching in their wards to members of the Post-Graduate staff.

2. *Courses for the Specialist.* Courses in subjects of interest and value to the specialist are provided in the following departments: Dermatology and Syphilology, Gynecology, Neurology, Ophthalmology, Orthopedic Surgery, Otolaryngology, Pathology, Radiology, Surgery, Traumatic Surgery, and Urology. The program of study for physicians in this category is

flexible in order to meet the special needs of the individual concerned. Registration is limited to those specialists who have had adequate preliminary training and experience.

Training of the Specialist. The training provided as preparation for a specialty is restricted entirely to the residencies in the hospital in the several limited fields of practice, with the exception of the training offered by the Department of Dermatology and Syphilology.

Admission Requirements. Registration is limited to physicians in good standing who are licensed to practice medicine and who are graduates of medical schools approved by Columbia University.

Tuition Fees. All tuition fees are payable in advance at the time of registration. In certain instances, deposits will be required in advance of the formation of a class. Where the attendance is limited and where a place in the course has been reserved, this deposit will not be returned to the candidate who fails to attend. He may, however, attend at a later time, and his original deposit will be accepted as part payment. A refund will not be made to a physician who fails to complete the course in which he has enrolled; but the privilege will be granted him of completing the course at a later date.

Checks and money orders should be made payable to the New York Post-Graduate Medical School.

Library. A medical library is maintained in the medical school building for the use of the matriculates and the teaching staff. The outstanding medical journals of this country and many foreign journals are available. Recent textbooks and monographs on special topics are provided.

Hospital Facilities. The New York Post-Graduate Hospital is a general hospital of 410 beds. In 1943 there were 8,622 in-patients admitted on all services.

The out-patient service is particularly active and is notable for the variety of clinics. The total number of visits in 1943 was 231,130.

The departments represented in the hospital service are internal medicine, general surgery, genito-urinary surgery, gynecological surgery, orthopedic surgery, traumatic surgery, oto-laryngology, oral surgery, pediatrics, neurology, ophthalmology, and dermatology.

The Hospital maintains complete laboratories in roentgenology, pathology, bacteriology, biochemistry, and basal metabolic determinations, as well as a blood and plasma bank, in all of which investigation and research are actively carried on. Laboratories for the making of electrocardiograms and electroencephalograms are located near the medical wards. Clinical laboratories for special study have been established in a number of departments.

The Reconstruction Hospital Unit at West 100th Street and Central Park West has fifty beds available for accident cases and conditions arising out of injury or disease. A complete department of physical therapy is in operation, and instruction is given in this branch in conjunction with seminar courses in orthopedic and traumatic surgery.

The affiliation of the Stuyvesant Square Hospital (formerly the New York Skin and Cancer Hospital) with the Post-Graduate, September 1, 1934, greatly increased the out-patient department facilities in dermatology and syphilology. In-patients are hospitalized at the Post-Graduate, and the Stuyvesant Square Hospital building was converted into an out-patient skin and cancer clinic. The two properties occupy adjacent blocks fronting on Second Avenue between East 19th and East 21st Streets.

NEW YORK SCHOOL OF SOCIAL WORK

FACULTY

President BUTLER.

Director PETTIT.

Professors AUSTIN, CANNON, DUNN,[1] FITCH, HAMILTON, HURLBUTT, HUTCHINSON, KAISER, KENWORTHY, KING, KLEIN, LINDEMAN, LOWRY, PYLES.[1]

For the Term Expiring June 30, 1945: Professors BRUNNER, MACIVER.

Delegate to the University Council (see page 13).

Historical. The New York School of Social Work was organized in 1898 by the Charity Organization Society and has continued as a department of that society, now the Community Service Society. From the beginning it has been associated with Columbia University as a school of graduate rank by an arrangement which provided for the exchange of credits between the two institutions. The summer training class of 1898 was the first attempt in this country to give professional training to workers in what was then termed the charitable field. In 1904 a one-year course was offered, taking the full time of students, and in 1911 this course was extended to cover two years. In October, 1940, the School became formally affiliated with Columbia University. The President of Columbia University is President *ex officio* of the New York School of Social Work, and the School is represented in the University Council by its Director and a representative elected from the Faculty. The School maintains its separate corporate organization, and its Board of Trustees continues to assume financial responsibility for it.

Location. The School is situated at 122 East 22d Street, adjoining the Russell Sage Foundation, in whose building is housed the largest sociological library in the country. This library is open to the students of the School.

Program of Study. The program of studies leading to the degree of Master of Science includes courses, supervised field experience, and research. Field practice is carried on in both private and public agencies. A list of those agencies to which students were assigned during the past year may be found in the general Announcement of the School. The relation between course and field work credits may vary within limits to meet individual needs, but the normal program combines four courses each quarter with three days of field work each week.

In addition to the full-time program, courses selected from the regular curriculum are offered in the late afternoon and evening for practicing social workers who meet the School's entrance requirements.

Degree. The Master of Science degree is granted upon the satisfactory completion of a full-time program extending over six quarters. The School year, including the summer, is divided into four quarters. Students may apply for admission to any quarter.

Admission Requirements. A Bachelor's degree from an accredited college or university, representing the completion of a four-year course of study of which at least two years (sixty semester credits) shall have been in academic subjects. The applicant's academic work must include twenty semester credits in social and biological sciences. In order to provide satisfactory educational opportunities for those admitted, the number of students accepted each quarter is limited. Students are admitted on a qualitative basis rather than by order of application. For more specific details the Announcement of the School should be consulted, and application should be made through the School.

Fellowships. For information concerning fellowships, see the general Announcement of the School.

UNIVERSITY EXTENSION

ADMINISTRATIVE BOARD (See page 25)

Historical. Responsibility for the work of University Extension, then known as Extension Teaching, was assumed by the Trustees of Columbia University in 1910. The present title was established by act of the Trustees in 1921.

General Statement. Columbia University offers through University Extension a program of instruction with a twofold objective: (1) to supplement and complement the courses of instruction offered by the several departments leading to the several certificates and degrees; (2) to bring to mature students no longer concerned with academic advancement and also to a nonacademic public some of the resources of the University.

The work of University Extension is not carried on by correspondence nor does it set up extramural centers of instruction. It is designed to meet the needs of those who by reason of maturity, employment, or other special interests cannot conveniently avail themselves of the usual departmental offerings. Courses given under the Graduate Faculties in the late afternoon and evening and on Saturday mornings which are open to such students are included in the Announcement of University Extension as well as certain courses offered by the College of Pharmacy and by Teachers College.

Undergraduate and Graduate Courses. A program of instruction corresponding to the courses offered by the departments of the undergraduate and graduate faculties (anatomy, anthropology, astronomy, botany, Celtic, chemistry, Chinese and Japanese, drafting, East European languages, economics, English, fine arts, geography, geology, Germanic languages, government and public law, Greek and Latin, Hebrew, history, mathematics, music, philosophy, physical education, physics, physiology, psychology, Romance languages, sociology, and zoölogy) which may be credited, with the approval of the appropriate Dean and department, toward the degrees of Bachelor of Arts, Bachelor of Science, Master of Arts, Master of Science, and Doctor of Philosophy and courses which may be credited toward preparation for one of the professional degrees or toward satisfying the requirements of the various State Qualifying Certificates of the University of the State of New York. These courses are also open to qualified students who are not candidates for a degree.

Courses in this group together with some Professional Courses may be used in satisfying the requirements for the degree of Bachelor of Science in general studies (University Undergraduate). For details concerning requirements for admission and courses of study, see the current Announcement of University Undergraduates.

Professional Courses. Courses in the fields of the several professional schools (Architecture, Business, Engineering, Law, and Library Service), in occupational therapy and physical therapy, and also in creative and applied arts (music; professional writing, including frequent shop talks at the Writers Club; dramatic arts, coördinated with the work of the Columbia Theater Associates in Brander Matthews Hall; radio, in coöperation with the National Broadcasting Company; drawing, painting, and sculpture; commercial and graphic arts), open to all qualified students, which with the appropriate approval may be used in satisfaction of the requirements for the several certificates (accounting, landscape architecture, library service, occupational therapy, and physical therapy) and the degrees of the University. Also short clinical courses for qualified graduates in medicine given by the School of Medicine, in coöperation with various hospitals in the metropolitan area, and short intensive courses at the School of Dental and Oral Surgery for qualified graduates in dentistry.

Institute of Arts and Sciences. Established by act of the Trustees in 1913, the Institute of Arts and Sciences is the public forum of the University. It presents each year a program of lectures and lecture-discussions on subjects of timely and cultural interest, short courses in special fields, and concerts. The opportunities offered by the Institute together with the

Service Courses represent an important part of the University's effort in the field of adult education.

The program is subscribed for on a full membership basis (fifteen dollars), which admits the subscriber to all meetings on Monday, Tuesday, Wednesday, and Friday evenings; or on a limited membership basis (seven dollars and fifty cents), which admits the subscriber one designated night a week throughout the season. The Institute Concert Series is subscribed for separately.

Service Courses. Courses designed to serve (a) students within the University in certain fundamental preparatory subjects or in the acquisition of desirable skills and (2) those seeking advancement in the industrial and commercial life of the city.

These courses (business, secretarial studies, English, languages, mathematics, law, gardening, geology, hospital management, fuel technology, textiles, and religious education) are not ordinarily used in satisfaction of the requirements for degrees, though any Dean may give such permission if he so desires. The courses in secretarial studies may be used to obtain a Certificate of Proficiency in Secretarial Studies.

Registration. Students who wish to attend University Extension classes at Morningside Heights are required to register at the Office of the Registrar, University Hall. A student registers for the Winter Session and is required to renew his registration and pay his fees before the opening of the Spring Session.

Matriculated students in the various schools of the University will be allowed to take University Extension courses in accordance with the regulations of the several schools; they must, however, register and pay the fees in the same way as other students in the several schools.

Fees. All matriculated or nonmatriculated students admitted to University Extension classes must pay the stated fees at the time of registration. The fees for courses are charged at the rate of $12.50 per point (a point being one hour a week of attendance for a Winter or a Spring Session, or the equivalent thereof), except in cases where a special fee is fixed. All students must pay a single University fee of $5.00 for each session or any part thereof.

Admission. No examination is required for admission to University Extension. Students over twenty-one years of age may register for such courses as they are qualified to pursue with success. Those under twenty-one years of age may register in University Extension only if they are able to satisfy the Director of University Admissions that their scholastic records are acceptable and that their experience outside the classroom is such as to justify their joining an educational enterprise conducted primarily for the mature. No courses can be counted toward a degree until a candidate has been admitted to candidacy by the Director of University Admissions. A candidate for admission by transfer from another college must present satisfactory records and a certificate of honorable dismissal.

Officers of administration and instruction who may be retired under the provisions of this section by reason either of age or of disability, and the widows of officers who have been so retired, or who were at the time of their death eligible for such retirement, shall receive, by reason of the recognition of the University as an institution associated with the Carnegie Foundation for the Advancement of Teaching, retiring allowances fixed at such amounts as the rules of the Carnegie Foundation may from time to time prescribe.

Officers of administration and instruction whose term of service began before July 1, 1917, and whose expectations under this section have been reduced by the changes in the rules of the Carnegie Foundation for the Advancement of Teaching which became effective on May 1, 1929, may supplement such allowance by a contributory annuity in accordance with the plan provided by Section 71, purchased by the payment by the University of an amount equal to 5 percent of the annual salary of the officer, beginning July 1, 1929, on condition that the officer himself shall make a like payment. The obligation of the officer and the University in connection with such policy shall cease whenever the total retiring allowance available at the age of sixty-five as a result of the provision of the Carnegie Foundation, the supplement provided by the Carnegie Corporation, and the product of the annuity shall reach $4,000.

Officers of administration and instruction who accept the contributory plan for supplementing the Carnegie Foundation allowance as provided by the 1929 rules of the Foundation shall be entitled to a total retiring allowance beginning at age sixty-five equal to one-half the

average salary of the five years preceding retirement, plus $400, but not exceeding a maximum of $4,000 in any case. In case the joint payments of the officer and the University at the rate of 10 percent of the officer's salary are not sufficient to produce at age sixty-five the allowance provided by this section, the University shall make such additional payments as may be necessary to provide that allowance.

In case service is continued beyond age sixty-five the joint contributions shall continue until retirement or until payments already made will provide the allowance to which the officer is entitled.

Those officers of instruction and administration who do not accept the contributory plan for supplementing the Carnegie Foundation allowance as provided by the 1929 rules of the Foundation shall receive from the University supplements sufficient to provide total retiring allowances in accordance with the rules of the Carnegie Foundation as in effect from 1922 to 1929 (one-half of active pay based on average salary for the last ten years of service; maximum allowance $3,600 available at seventy and reduced in case of earlier retirement by one-fifteenth for each year by which that age is anticipated).

A widow who has been for ten years the wife of an officer of administration or instruction who at the time of his death was receiving or was eligible to receive a retiring allowance on the basis of age or who had had twenty-five years of service as professor or thirty years as instructor and professor, shall be entitled until her death or remarriage to receive a pension of one-half the statutory retiring allowance which her husband was receiving or which he was eligible to receive. In case the sum of the payments by the Carnegie Foundation, together with any supplements thereto, and any payments by the Teachers Insurance and Annuity Association of America pursuant to an annuity policy under the contributory plan, is not equal to the pension provided by this Section, the University shall make such additional payments as may be necessary to provide that pension. The obligation of the University to make such additional payments shall, in cases where the husband was receiving a retiring allowance pursuant to an annuity policy under the contributory plan, be conditioned upon his having exercised the appropriate option for continuing one-half the annuity to his widow. Compensation paid to a retired officer for services rendered in accordance with Section 72 shall not be considered as part of his retiring allowance. To be eligible to a pension under this Section, the widow of a retired officer must have become his wife before his retirement.

In the case of officers of administration and instruction for whose salaries either Barnard College, Teachers College, the College of Pharmacy, or other affiliated institution is responsible, the retiring allowances provided in this section will be paid only in case the cost thereof is assumed by that corporation included in the educational system of the University which has been responsible for the salary of the officer in question while in active service.

d. The term "officer of administration or instruction" as used in this section shall be construed to include all officers of administration and instruction who are entitled to retiring allowances under the rules of the Carnegie Foundation for the Advancement of Teaching, so far as these apply to officers whose term of service began before July 1, 1917. In estimating length of service, years of service in other institutions that were on the associated list of the Carnegie Foundation for the Advancement of Teaching before July 1, 1917, shall be included.

§71. Officers in Service on or after July 1, 1917. Any professor, associate professor, assistant professor, or any instructor who has been at least three years in the service of the University, or any officer of administration of equivalent rank who receives an annual salary of $1,200 or more, appointed by the Trustees to give full-time service in the University and whose term of service began on July 1, 1917, or thereafter, shall be entitled to the privilege of an annuity in accordance with the plan adopted by the Carnegie Foundation in coöperation with the Teachers Insurance and Annuity Association of America, a corporation organized under the laws of the state of New York, as follows:

a. In the case of every such officer of administration or instruction appointed by the Trustees for a term of service to begin on July 1, 1917, or thereafter, the University will pay annually to the Teachers Insurance and Annuity Association of America an amount

equal to 5 percent of the annual salary of such officer, on condition that the officer himself shall make a like annual payment; provided that in case of an officer whose salary is paid in whole or in part by Barnard College, Teachers College, the College of Pharmacy, or other affiliated institution, the funds for the payment to the Teachers Insurance and Annuity Association, or a proportionate part thereof, shall be provided by that corporation in the educational system of the University which is responsible for the salary of the officer in question. By reason of these payments, every officer of administration or instruction and his family will receive the benefits and protection provided by the Teachers Insurance and Annuity Association of America in accordance with the contracts thereof.

b. In the case of new appointments, promotions, and increases of salary after July 1, 1930, participation in this retirement provision shall be a condition of such appointment, promotion, or increase of salary for all full-time officers of professorial grade, including administrative officers having a salary equal to the minimum salary of an assistant professor.

c. When the annuity available at the age of sixty-five, as a result of the joint contributions already made by the University and an individual officer of administration or instruction, shall reach $4,000 annually, all further obligation of the University or the officer in such case shall cease.

d. For officers of administration or instruction entering this plan between July 1, 1917, and January 1, 1933, disability allowances will be provided by the Carnegie Foundation in accordance with its rules as announced in the document entitled "Rules for the Admission of Institutions and for the Granting of Retiring Allowances, 1922."

e. For officers of administration or instruction described in this section, retirement from active service may be granted either upon the request of the officer concerned, signified to the President in writing, or upon the motion of the Trustees, at any time after the officer has reached the age of sixty-five years.

f. Upon the written request of any officer of administration or instruction who is entitled to the privileges named in this section, the University will deduct 5 percent from his stated salary payments and pay the same on his behalf to the Teachers Insurance and Annuity Association of America.

g. No officer will be retired under the provisions of this section except by action of the Trustees taken either upon their own motion or at the request of the person who desires to retire.

§72. Retired Officers. Officers of administration or instruction who have been retired from active service shall have no stated duties unless otherwise authorized by the Trustees, but they shall retain their academic relationship and their names shall be included in the Annual Catalogue. Such officers may be invited by the Trustees to render part-time academic service or to carry on, direct, and stimulate research in their chosen fields.

FELLOWSHIPS, SCHOLARSHIPS, PRIZES AND MEDALS, AND STUDENT AID

GENERAL REGULATIONS

The following regulations apply to the award of all fellowships and scholarships.

a) Applications for fellowships and graduate scholarships must be made on or before March 1; for all other scholarships, on or before May 1 of each year on a special blank prepared for the purpose, which may be secured by writing to the Secretary of the University. This blank must be filled in carefully and fully and returned to the Secretary.

Applications that are incomplete or indefinite may fail of consideration. Candidates will be notified as promptly as possible of the result of their applications. Documents submitted in support of applications will not be preserved for more than twelve months after the date of application, and the University cannot assume liability for the possible loss of such documents. After the awards have been made, every care will be taken to return such documents, if return postage has been provided by the candidate. Copies of formal diplomas are preferable, rather than the diploma itself, in view of the possibility of loss or damage.

b) Appointments are in general for one year dating from July 1. Any appointment will be canceled by the University at any time if the student fails to maintain a satisfactory academic standard.

c) Fellows and Scholars are required to register not later than the date specified in the Academic Calendar. Failure to do so may be considered as vacating the fellowship or scholarship.

d) With the exception of traveling fellowships and scholarships, all Fellows and Scholars must reside in New York City or its vicinity during the academic year unless permission be granted to study elsewhere. Recipients of University financial aid in excess of tuition, whether in the form of fellowships or scholarships or other grants, will be expected to reside in one of the University residence halls, unless adequate reasons for living elsewhere have been presented to the appropriate Dean, who can grant exemption with the approval of the President.

e) No University Fellow or University Scholar may register in a professional or technical school during his term, although certain courses in such schools may be elected.

f) Fellowships and scholarships are not available for the Summer Session or in University Extension.

g) Unless otherwise provided, all stipends of Fellows and Scholars are paid in semiannual installments on the second Wednesday of each Winter and Spring Session. The stipends announced below are approximate and are based on the interest rate as effective in the University budget for 1944–1945. Fellows and Scholars are required to pay the prescribed University fees for tuition and degrees.

h) A full description of the terms upon which appointments are made to fellowships and scholarships in Barnard College, Teachers College, the College of Pharmacy, and the New York School of Social Work will be found in the respective announcements of those colleges and schools.

FELLOWSHIPS

In the event of a vacancy occurring from any cause the University Council may fill such vacancy for the unexpired term. The Council may at any time declare the fellowship vacant in case of the failure of any Fellow to fulfill faithfully and fully the obligations imposed upon him by the fellowship to which he has been appointed, and in such case all privileges and emoluments conferred by such fellowship will be forfeited.

Subject to the terms of the gift or bequest, the conditions governing the award and tenure of fellowships for which provision has been made by a special endowment are the same as those for University fellowships. See page 382.

SCHOLARSHIPS

The conditions governing the award and tenure of special scholarships are the same as those for the President's University Scholarships, unless otherwise specified.

The Faculty of Columbia College may award scholarships especially limited to a particular class of students to other students at their discretion, when this can be done without violation of the terms of the gift or bequest. The stipend of any scholarship may be apportioned among two or more appointees.

The Benefactors' and Faculty Scholarships bear such stipends as may be necessary to pay the tuition fees of the holder for the year of award.

Endowment funds for scholarships have been started by several classes, other than those listed below under Scholarships. As soon as an adequate endowment has accumulated, these scholarships will be available.

ANNUAL PRIZES AND MEDALS

Essays submitted in competition for prizes and medals should, unless otherwise indicated, be submitted to the Secretary of the University not later than May 1 in the year of award. Each essay should be signed with a pseudonym and should be accompanied by a sealed envelope containing the author's name and address. The awards are announced at Commencement.

STUDENT AID

There are a number of special loan funds and a general loan fund available to students who may need assistance in meeting their University expenses. Applications should be made personally or in writing to the Bursar of the University, 310 University Hall. Applications for loans for the Winter Session should be filed by September 15; for the Spring Session, by January 15.

Regulations as to loan funds available at Barnard College, Teachers College, the College of Pharmacy and the New York School of Social Work may be found in the respective Announcements of those colleges and schools.

5. For a distinguished example of a cartoonist's work published in any American newspaper during the year, the determining qualities being that the cartoon embodies an idea made clearly apparent, shows good drawing and striking pictorial effect, and is intended to be helpful to some commendable cause of public importance, due account being taken of the whole volume of the artist's newspaper work during the year, $500.

2. Nominations of candidates for any one of the Pulitzer Prizes must be made in writing on or before February 1 of each year, addressed to the Secretary of Columbia University, New York, on forms which may be obtained on application to the Secretary of the University.

3. Each nomination must be accompanied by three copies of any book, or one copy of any editorial, article, or other material submitted by any competitor, or on his behalf. Competition for a prize will be limited to work done during the calendar year ending December 31 next preceding; in the case of the drama prize, the time runs over to April 1 of the succeeding calendar year. Nomination of a play should be made while it is being performed.

4. The Advisory Board is under no obligation to pass upon the merits of any book, manuscript, editorial, article, or other literary material unless the same has been submitted in accordance with paragraphs 2 and 3 preceding, but may do so at the request of any of its members.

5. If in any one year no book or play written for a prize offered is of sufficient excellence in the opinion of the Advisory Board, or if in any other subject of competition all the competitors fall below the standard of excellence fixed by the Advisory Board, then in that case the amount of such prize or prizes may be withheld in such year.

for the several prizes and traveling scholarships is deemed to limit in any way the authority and control of the Advisory Board, who may, at their discretion, modify any of the provisions relating to the preliminary selection or nomination of candidates.

ALUMNI FEDERATION OF COLUMBIA UNIVERSITY

The purposes of the Alumni Federation, which was incorporated in 1916, are to advance the interests and promote the welfare and prestige of Columbia University and its alumni. This it endeavors to accomplish by encouraging and assisting efficient organization of alumni bodies; by forming and assisting new associations and local Columbia alumni clubs in various large cities of the world; by disseminating among alumni and the general public through an official publication or by moving pictures or otherwise accurate information about alumni and University affairs; by providing a recognized channel of communication between students, alumni, and University officers; by keeping the alumni informed concerning undergraduate life and activities; and by providing the machinery to nominate Alumni Trustees and to operate the annual Columbia Alumni Fund.

All members of the alumni associations of the various schools maintained by the Trustees of the University if affiliated with the Federation are *ipso facto* Association members of the Federation, and any alumnus may become a general member. A payment of $100, or a multiple thereof, toward the endowment fund entitles an alumnus to be an endowment member, which carries life membership and a life subscription to the *Columbia Alumni News*.

The Federation sets in motion the machinery which places in nomination before the University Trustees the candidates for Alumni Trusteeship. The Alumni Trustees in office in 1944 were: Morton G. Bogue, '00C, '03L; Mortimer W. Byers, '98L, '39LL.D.; Henry Krumb, '98E, Ward Melville, '09C, Douglas M. Black, '16C, '18L, and Harris K. Masters, '94E.

The Federation maintains offices in Alumni House which serve as a clearinghouse for all alumni activities. It publishes the *Columbia Alumni News,* the official alumni publication, and is the headquarters of the Columbia Alumni Fund and of the local clubs.
